সমবায় সম্পর্কে বঙ্গবন্ধুর বাণী

আমার দেশের প্রতি মানুষ খাদ্য পাবে, আশ্রয় পাবে, শিক্ষা পাবে উন্নত জীবনের অধিকারী হবে- এই হচ্ছে আমার স্বপ্ন। এই পরিপ্রেক্ষিতে গণমুখী সমবায় আন্দোলনকে অত্যন্ত গুরুত্বপূর্ণ ভূমিকা পালন করতে হবে। কেননা সমবায়ের পথ- সমাজতন্ত্রের পথ, গণতন্ত্রের পথ। সমবায়ের মাধ্যমে গরীব কৃষকরা যৌথভাবে উৎপাদন- যন্ত্রের মালিকানা লাভ করবে। অন্যদিকে অধিকতর উৎপাদন বৃদ্ধি ও সম্পদের সুসম বণ্টন ব্যবস্থায় প্রতিটি ক্ষুদ্র চাষী গণতান্ত্রিক অংশ ও অধিকার পাবে। জোতদার ধনী চাষীর শোষণ থেকে তারা মুক্তি লাভ করবে সমবায়ের সংহত শক্তির দ্বারা। একই ভাবে কৃষক, শ্রমিক, তাঁতী, জেলে, ক্ষুদ্র ব্যবসায়ীরা যদি একজোট হয়ে পুঁজি এবং অন্যান্য উৎপাদনের মাধ্যমে একত্র করতে পারেন তবে আর মধ্যবর্তী ধনিক ব্যবসায়ী-শিল্পপতির গোষ্ঠী তাদের শ্রমের ফসলকে লুট করে খেতে পারবে না। সমবায়ের মাধ্যমে গ্রাম-বাংলায় গড়ে উঠবে ক্ষুদ্র শিল্প যার মালিক হবে সাধারণ কৃষক, শ্রমিক এবং ভূমিহীন নির্ধারিত দুঃখী মানুষ। সমাজতন্ত্র স্থাপনের জন্য আমরা ইতিমধ্যেই সমস্ত বড় শিল্প, ব্যাঙ্ক, পাটকল, চিনিকল, সূতাকল ইত্যাদি জাতীয়করণ করেছি। জমির সর্বোচ্চ মালিকানার সীমা নির্ধারণ করে দিয়েছি। আজ সমবায় পদ্ধতিতে গ্রামে গ্রামে, থানায়, বন্দরে গড়ে তুলতে হবে মেহনতী মানুষের যৌথ মালিকানা। কৃষকরা তাঁদের উৎপাদিত ফসলের বিনিময়ে পাবে ন্যায্যমূল্য, শ্রমিকরা পাবে শ্রমের ফল- ভোগের ন্যায্য অধিকার।

কিন্তু এই লক্ষ্য যদি আমাদের পৌঁছাতে হয় তবে অতীতের ঘুনে ধরা সমবায় ব্যবস্থাকে আমূল পরিবর্তন করে এক সত্যিকারের গণমুখী আন্দোলন গড়ে তুলতে হবে। অতীতের সমবায় ছিল শোষণ- গোষ্ঠীর ক্রীড়নক। তাই সেখানে ছিল কোটারী স্বার্থের ব্যাপক ভূমিকা। আমাদের এই স্বাধীন বাংলাদেশে ঐ ধরণের ভূঁয়া সমবায় কোন মতেই সহ্য করা হবে না। আমাদের সমবায় আন্দোলন হবে সাধারণ মানুষের যৌথ আন্দোলন। কৃষক, শ্রমিক, মেহনতী জনতার নিজস্ব প্রতিষ্ঠান।

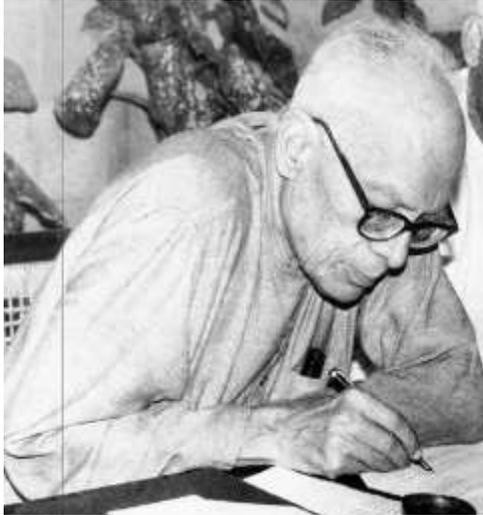

আপনারা জানেন সমবায় সংস্থাগুলিকে সত্যিকারের গণতান্ত্রিক প্রতিষ্ঠান হিসাবে গড়ে তোলার জন্যে আমি ঘোষণা করেছি যে সংস্থার পরিচালনা- দায়িত্ব ন্যস্ত থাকবে জনগণের নির্বাচিত প্রতিনিধিদের উপর, কোন আমলা বা মনোনীত ব্যক্তির উপরে নয়। আমার সমবায়ী ভাইয়েরা এই বলিষ্ঠ পদক্ষেপকে অভিনন্দিত করেছেন। এই গণতন্ত্রীকরণের পরিপ্রেক্ষিতে আমি তাদের স্মরণ করিয়ে দিতে চাই তাদের দায়িত্ব। তাদের দেখতে হবে যে সমবায় সংস্থাগুলি যেন সত্যিকারের জনগণের প্রতিষ্ঠান হিসাবে গড়ে উঠে। জেলে সমিতি, তাঁতী সমিতি, গ্রামীণ কৃষক সমিতি যেন সত্যিকারের জেলে, তাঁতী, কৃষকের সংস্থা হয়, মধ্যবর্তী ব্যবসায়ী বা ধনী কৃষক যেন আবার এই সমিতিগুলিকে দখল করে অতীত দুর্নীতির পুনরাবৃত্তি না করে। যদি আবার সেই কোটারী স্বার্থ সমবায়ের পবিত্রতা নষ্ট করে, তবে নিশ্চিতভাবে জেনে রাখুন যে আমরা সমস্ত পুরাতন ব্যবস্থা বাতিল করে দেবো। আমার প্রিয় কৃষক মজুর জেলে তাঁতী ভাইদের সাহায্যে এমন একটি নুতন ও সুসম ব্যবস্থা গড়ে তুলতে হবে যা শোষণ ও প্রতিক্রিয়াশীল কোটারী স্বার্থকে চিরদিনের জন্য নস্যাত্ন করে দেবে।

বাংলাদেশ সমবায় সংস্থার বিভিন্ন স্তরে বহুবিধ অব্যবস্থা, অযোগ্যতা ও দুর্নীতি দীর্ঘদিন ধরে জমে জমে দুর্নীতির পাহাড় তৈরী হয়েছে। সমবায় সংস্থা অবাধ বিকাশ ও সুষ্ঠু পরিচালনার স্বার্থে দুর্নীতির জগদ্দল পাথরকে সরাতেই হবে। জনগণের কষ্টার্জিত অর্থে পরিচালিত প্রশাসন ব্যবস্থাকে দুর্নীতির নাগপাশ থেকে মুক্ত করে জনগণের কল্যাণে নিয়োজিত করতে আমরা বদ্ধ পরিকর।

বাংলাদেশ আমার স্বপ্ন, ধ্যান, ধারণা ও আরাধনার ধন। আর সে সোনার বাংলা ঘুমিয়ে আছে চির অবহেলিত গ্রামের আনাচে কানাচে, চির উপেক্ষিত পল্লীর কন্দরে কন্দরে, বিস্তীর্ণ জলাভূমির আশে পাশে আর সুবিশাল অরণ্যের গভীরে। ভাইয়েরা আমার- আসুন সমবায়ের যাদুস্পর্শে সুপ্ত গ্রাম বাংলাকে জাগিয়ে তুলি। নব- সৃষ্টির উন্মাদনায় আর জীবনের জয়গানে তাকে মুখরিত করি।

আমাদের সংঘবদ্ধ জনশক্তির সমবেত প্রচেষ্টায় গড়ে তুলতে হবে ‘সোনার বাংলা’। এ দায়িত্ব সমগ্র জাতির, প্রত্যেক সাধারণ মানুষের এবং তাঁদের প্রতিনিধিদের। তবেই আমার স্বপ্ন সার্থক হবে, সার্থক হবে শহীদের আত্মত্যাগ, সার্থক হবে মাতার অশ্রু। রাজনৈতিক স্বাধীনতা তার সত্যিকারের অর্থ খুঁজে পাবে অর্থনৈতিক মুক্তির স্বাদে, আপামর জনসাধারণের ভাগ্যোন্নয়নে। তবেই গণতান্ত্রিক পদ্ধতির মাধ্যমে রূপায়িত হবে সমাজতান্ত্রিক নীতির এবং সেই অভীষ্ট লক্ষ্যে আমরা পৌঁছাবো সমবায়ের মাধ্যমে। জয় বাংলাদেশের সমবায় আন্দোলন। জয় বাংলা।

১৯৭২ সালের ৩ শে জুন। বাংলাদেশ জাতীয় সমবায় ইউনিয়ন কর্তৃক আয়োজিত সমবায় সম্মেলনে প্রদত্ত জাতীয় জনকের বাণী।

Akhtar Hameed Khan was a development activist and social scientist. He promoted Participatory Rural Development in Bangladesh and other development countries. His Particular contribution was the establishment of a comprehensive project for rural development, the Comilla Model (1959).

In the 1980's he started a bottom up community development initiative of Orangi Pilot Project, which became a model of participatory development initiatives. He also directed many programmes, from microcredit to self finance and from housing provision to family planning for rural communities and urban slums. He also worked in various professions such as ICS officer in Indian Civil Service, lecturer in Madrasha & College and as principal of Comilla Victoria College.

Akhtar Hameed Khan established the Pakistan Academy for Rural Development (PARD) at Comilla on 27 May 1959 and was appointed as its founding director. He also laid foundations for the Comilla Cooperative Pilot Project in 1959. Khan remained attached to the Comilla Project until 1971. After independence PARD was renamed as Bangladesh Academy for Rural Development (BARD).

Khan's leadership skills during the course of his association with the project remained a source of inspiration for present leaders as well as other participatory development initiative in the country. For his contribution in rural development he received Ramon Magsaysay Award, Jinnah Award, Nishan-e-Imtiaz and sitara-e-pakistan etc.

Some Important Statements on Rural Development

- 1) Cooperative leads to socialism and democracy:- **Bangabandhu Sheikh Mujibor Rahman**
- 2) We have to create joint ownership of toilsome people through cooperative in every village, Thana and city of Bangladesh- **Bangabandhu Sheikh Mujibor Rahman**
- 3) Bangladesh is my dream, meditation, perception and adored property. Bangladesh that I dream, is sleeping in the corner of our neglected villages, ever deprived cave and the deepest heart of our large forest nearest to the long marshy land- **Bangabandhu Sheikh Mujibor Rahman**
- 4) We have to build a happy and prosperous Bangladesh with the joint effort of our manpower:- **Bangabandhu Sheikh Mujibor Rahman**
- 5) We have no way without cooperative, so I want to promote cooperative in every village of Bangladesh:- **Bangabandhu Sheikh Mujibor Rahman**
- 6) Cooperative is an important development tool for our neglected and lag behind people- **Prime minister Sheikh Hasina**
- 7) Cooperative will protect people from poverty and it will save their lives and help to improve their status- **Dr. Akhter Hameed Khan**
- 8) Human is the real asset of a country than money, human earns money. So it is necessary to have perfect human to build a nation- **Dr. Akhter Hameed Khan**
- 9) Poor can be developed by their own initiatives rather the help of others or the grants of the government. Begging is the profession of a beggar, it is the habit of destruction and down falling- **Dr. Akhter Hameed Khan**
- 10) “Saving” is the survival tool for the poor and laborers. It is needed to accumulate saving of the poor so that rural bank can be formed in every village- **Dr. Akhter Hameed Khan**
- 11) The development of a country can’t be achieved by only government grants or by begging. Development takes place when the native people of a country make effort by themselves- **Dr. Akhter Hameed Khan**
- 12) The way of peace and development is to follow the rules and discipline- **Dr. Akhter Hameed Khan**

Government of the people's Republic of Bangladesh

Message

Father of the nation Bangabandhu Sheikh Mujibur Rahman has spread out the two tire cooperative movement across the country soon after the liberation war to ensure rural development by increasing agricultural production through former Integrated Rural Development Programme (IRDP). In continuing the movement, Bangladesh Rural Development Board (BRDB) has become the largest government organization in rural development and poverty alleviation sectors. The main objective of the present government is to achieve Vision 2021 through various rural development and poverty alleviation activities. BRDB being an important organization of our ministry has been engaged in implementing various social and rural development project and programe since 1972.

BRDB has been implementing multi-dimensional activities i.e. group formation, training, motivation, capital formation, assets transfer, micro-credit delivery, expanding production technology etc. to involve rural small, medium and marginal farmers and asset-less people into the main development platform which is being appreciated by all section of the society.

Nevertheless, BRDB has been working as a lead agency in the successful implementation of “Ekti Bari Ekti Khamar” project which is the brain-child of our Honorable Prime Minister Sheikh Hasina. Besides BRDB is also implementing three special projects committed by our Honorable Prime Minister with a view to the livelihood development of the north and south part of the country including Kurigram district. Link Model of BRDB, another platform at the grass root level of all Nation Building Department (NBDs) to ensure their better service delivery, has added a special value in BRDB activities as well as acquired an international recognition. It is my pleasure to thanks and congratulates all the members of BRDB family who are engaged in these bountiful jobs.

I am really glad to know that BRDB is going to publish an annual report of the fiscal year 2013-2014 as a regular documentation process of its activities. I also expressed my gratitude to all concerned in this publication.

Message

I became glad to be informed that Bangladesh Rural Development Board (BRDB), the largest government organization of Bangladesh in rural development sector, is going to publish its annual report of 2013-14 fiscal year.

Since inception, BRDB has been playing a significant role in increasing agricultural production through two-tier Co-operative for food sufficiency of the country. Later BRDB has started several activities related to non-agriculture and poverty alleviation. In a study of Bangladesh Institute of Development Studies (BIDS) conducted in 2010, BRDB was recognized with the contribution to GDP by 1.93%.

Honorable Prime Minister, the Public Leader Sheikh Hasina declared to upgrade Bangladesh as a middle income country by 2021. To achieve this target, the people under poverty line should be pulled up from poverty sufferings. Regarding this BRDB has decorated all its efforts including latest rural development strategies. I firmly wish all the success of this organization and also expect BRDB will act more responsibly in the coming days.

Government of the people's Republic of Bangladesh

Message

Poverty reduction through flourishing rural economy is one of the most prioritized commitments of the present government. Bangladesh Rural Development Board (BRDB), a vital service oriented organization of the government, is involved in the development of socio-economic condition of the rural people.

The significance of BRDB activities are organizing small and marginal farmers, landless people through cooperative society and non formal group for the purpose of capital formation, training, credit disbursement for self-dependent, women empowerment, transfer of appropriate technology through extension services, enrichment of rural economy through increasing production etc. BRDB primarily started its activities through two-tire cooperative system since the age of 70's. Henceforth, it initiated non-formal group activities beside two-tire cooperative system. At the same time BRDB started microcredit program of the government including agricultural credit financed by bank. Now BRDB is the largest government organization engaged in disbursing microcredit and reducing poverty. I firmly believe that BRDB would be able to achieve its goal to build up a poverty and hunger-free Bangladesh.

I am really happy to know that BRDB is going to publish its Annual Report for the fiscal year of 2013-14 depicting its activities and achievement. I further express my thanks to all concerned in this publication.

M A Kader Sarker

Md. Abdul Jalil Main
Director General (Additional Secretary)
Bangladesh Rural Development Board

Preface

About 73 percent of our total population lives in the rural areas. Due to specialty of production mechanism and characteristics of distribution of resources poverty range among the people living in this area is comparatively higher than that of other areas of the country. National Economic Study Report reveals that higher range of poverty in urban areas is about 21.30% whereas it is about 35.20% in the rural areas. This scenario is almost same for the lower range of poverty; the figure is 7.70 and 21.10 per cent in the urban and rural areas respectively. For this reason, our government is concerned enough to emphasize socioeconomic development in rural areas and to implement huge activities with Annual Development Programs in a regular basis. In this context Bangladesh Rural Development Board (BRDB), one of the long-established and largish development organization of government sector, has been working with good reputation in implementing these activities of rural development.

BRDB was originated just after our liberation with the name of Integrated Rural Development Program (IRDP) with a view to bring revolution in agricultural production for ensuring food security of the country. Its objective was to increase productivity and to boost up financial solvency of the rural small and marginal farmers by organizing them into cooperative societies. Later in 1982 constituted into Board, besides activities on agricultural production, BRDB expanded its working area to poverty reduction, income generation activities, rural leadership development that resulted huge employment generation in rural areas both in agricultural and non-agricultural sector and thus rural people got interested in small savings and own capital formation.

With the passage of time, especially in the new millennium, BRDB has remarkably changed its traditional working styles and kept exploring new dimensions in rural development with its multi focal activities. Cooperative based irrigation activities have been resuscitated with a new project. A highly specialized program has also been started to eradicate poverty by motivating farmers through minor crops production. BRDB also came into light with capacity building project for local government bodies, especially for Union parishad and making linkage between rural people and local agencies who are delivering services for the poor. Moreover, BRDB has been playing a major role in implementing present government's prioritized One House One Farm Project very successfully. So, praise and honor are coming from national and international arena for all these activities and initiatives taken by BRDB by these times. I do hope that BRDB's performance in implementing present government's Vision-2021 and building poverty and hunger-free middle income economic country, will be more successful in the coming future.

Some topics and subjects taken on the basis of these activities performed by BRDB in the year 2013-2014 have well been depicted in this Annual Report which could be a good source of information and data to the individuals and institutions related and interested to us. I would like to thanks to my colleagues who have worked hard to make this report informative and attractive by their untiring diligences and talents.

Md. Abdul Jalil Mian

Qazi Ali Hossain
Director (Planning)
Bangladesh Rural Development Board

Introductory Note

Rural Development is one of the most focused areas of Bangladesh to ensure the acceleration of the national economy. Still major part of the total population resides in the rural area. Strengthening the rural economy can significantly contribute to national growth. BRDB is the prime organization within the public sector that is mandated for and also engaged in rural development of Bangladesh. Following the plan and policies of present government, BRDB is implementing diversified activities for the all-inclusive development of rural areas.

Four strategic components are important to ensure efficient and effective rural development, i.e. human resource, leadership, organizations and network. Since inception BRDB has been working with all these four components which brought incredible positive outcomes for rural people of Bangladesh. Along with the tangible changes BRDB has its tremendous success in terms of building social capital, empowering people and developing the socioeconomic condition of rural community, etc. BRDB facilitates the development initiatives of rural area so that the rural people can set their goal, plan to achieve it, implement the plan and evaluate it by themselves. These continuous efforts of BRDB lead to the comprehensive and coordinated development of rural Bangladesh. I believe still BRDB has huge scopes and potentials to be realized for the development of rural area.

This activities and outcomes should be duly publicized for the access of all relevant stakeholders. Annual report is one of the means to bring the actions and achievements in focus. I feel highly delighted that we the BRDB family is going to publish the Annual Report 2013-14 as a regular publication. It is my privilege to thank all the team members engaged in this process. I hope this Annual Report 2013-14 will be an extra-ordinary document for the rural development and poverty alleviation practitioners, academicians, scholars and other relevant stakeholders.

Allah Hafez.

Qazi Ali Hossain

Editorial

The editorial committee is assigned to prepare, edit and published the annual report of BRDB. In its continuity the annual report of 2013-2014 is ready to be published very soon. To assist this great and laborious task, on behalf of editorial committee I want to thank and convey gratitude to officers and staffs of all division, projects & programs of BRDB. Special thanks and gratitude to Md. Abdul Jalil Mian, Director General of BRDB and all directors for providing required support and valuable advices.

BRDB with its vision “poverty free self reliant Bangladesh” has made a remarkable contribution to the rural development efforts in Bangladesh. At present, BRDB as the largest public agency in rural development and poverty alleviation sector in Bangladesh has implemented more than one hundred projects/programmes to fulfill the Millenium Development Goal (MDG’s) other than main schemes. It is undoubtedly that the contribution of BRDB in rural development and poverty alleviation sector for the last four decades is highly appreciable. Publication of this annual report is an endeavor to put on the record of success and backdrops of BRDB. It is contemplated to explore its activities with relevant facts and figures.

We hope the annual report of 2013-2014 will be such kind of publication which indicates overall pictures of BRDB activities which can be used as a secondary source of information regarding rural development sector in Bangladesh. Special thanks to editorial committee members and all concerned for their heartiest effort and labour. We glad to publish the “Annual report 2013-2014” though it’s late.

1. Five decades of BRDB

Cooperative movement in the Indian sub-continent was emerged at the close of the 19th century out of the benevolent intention of the then ruling government to halt the deterioration condition of rural peasantry on account of mounting load of rural indebtedness. The agriculture was not developed at that time and majority of the farmers were dependent on borrowing from village money lenders. Farmers could borrow by mortgaging their land to the village money lenders as this was the only collateral available for the farmers.

In the year 1895 Mr. Nickolson, a collector in Madras presidency wrote a detailed report recommending establishment of Raiffisen type village bank or savings and credit society. In following Nickolson proposal, on March 25, 1904 the Cooperative Credit Societies Act was adopted for the supply of agricultural credit. India was partitioned in 1947 and the cooperative movement suffered for lack of efficient management and became financially weaker, consequently the apex cooperative bank became the property of India. As a result the farmers of former East Pakistan faced a lot of suffering. In 1948, The East Pakistan Provincial Bank (Now The Bangladesh Samabya Bank Ltd.) was set up for the east part of Pakistan. Since then various attempts were made for reconstruction and improvement of the cooperative system. But the activities of the societies were limited only to the disbursement of agricultural credit. Consequently it was absent to consider the livelihood development of the farmers.

Researchers had started to find the solution of the problems of rural backwardness called for multi- sectoral approach rather than isolated efforts. Having this in view an experiment was carried out in the early sixties in the then Pakistan Academy for Rural Development (now BARD) under the dynamic leadership of Dr. Akhtar Hamid Khan. Mr. Khan had evolved an integrated a model for suitable rural development and started for piloting which was named as “Comilla Model”.

Comilla Model consists of 4 components

The vision of Comilla Model was that the rural villagers will not feel for a better change until and unless they couldn't be able to develop leadership among themselves. For this reason, the salient feature of Comilla Model was to create leadership and it was done through formation of village level cooperatives. The four components of Comilla Model was;

- 1) Thana Training & Development Centre (TTDC)
- 2) Rural Works Program (RWP)
- 3) Thana Irrigation Program (TIP)
- 4) Two-tier Cooperative Structure.

Up to 1970, the Comilla Model of rural development was in operation in 20 thanas of comilla district and 3 thanas of outside Comilla. After the liberation of Bangladesh in 1971, two tier cooperative system of Comilla Model was adopted as a national rural development program in Bangladesh.

Working Procedure of IRDP

The main working procedure of IRDP was to form primary cooperative society in the village level which was called Krishak Samabya Samity (KSS) and federated the KSS in the Thana/Upzilla level called Thana Central Cooperative Association (TCCA).

Main functionaries of two tier cooperative system

Supervised Credit System: A significant feature of IRDP was supervised credit system linked with the agricultural input supply & marketing.

Training & Extension: Delivery of training on Income Generating Activities (IGA) to ensure that the disbursed credit was utilized for the said productive purpose.

Capital formation: A systematic and continuous saving program as a part of credit discipline to liberate the farmers from clutches of the money lenders. Additionally this habit would help the farmers to depend on their own capital rather depending on the external credits.

Marketing Program was introduced to ensure fair and economic price of the products to the growers. Comilla model was designed as an experimental program for Rural Development. On successful experimentation the Government put it on a national program to replicate the two-tier co-operative system throughout the country under the agency of Integrated Rural Development Program in 1971. IRDP since its journey in 1971 and based on its success and also to achieve the rural development efforts to be more accelerated, IRDP was converted as “**Bangladesh Palli Unnayan Sangasta**”(BPUS) in 1973. But the recommendations from the donor side liked that without having more time to get result from this model, it was not wise to convert the IRDP into a government organization like “Bangladesh Rural Development Sangasta”(BPUS). On the basis of the recommendations from donor agencies, the “Bangladesh Rural Development Sangasta”(BPUS) was again reverted as IRDP in 1974, just after the 10 months of the announcement.

After that, an evaluation program was carried by the Government of Bangladesh and the World Bank in 1980 and the evaluation program recommended that the two-tier co-operative structure is a useful and effective device in implementing the government’s rural development program. On the basis of the recommendations the IRDP was upgraded into **Bangladesh Rural Development Board (BRDB) in 1982.**

The role of BRDB since “Grow More Food” movement of seventeenth decades until today’s “Golden Ladder of Rural Development” was massively appreciated. Especially the role of BRDB during the seventeenth decades in doubling the agricultural production was publicly recognized. In that time, BRDB was able to distribute shallow and deep tube-wells. BRDB had taken various projects related to irrigation during the time of seventeenth to nineteenth decades. Moreover, BRDB has executed a number of successful programs in addition to its main activities like Women Development Program (1973), Youth Development Program (1978), Rural Poor Program (1984) etc. Some of the government organizations/agencies i.e. “Department of Women Affairs”, “Department of Youth Development”, “Palli Dariddra Bimochon Foundation (PDBF)” etc were established as a bi-product of BRDB activities.

BRDB got an allocation of 320.00 Lakh Taka from GOB in the head of “Revolving (Agriculture) Credit Program” in the fiscal year 2013-2014. This finance certainly added remarkable values in the field level activities of BRDB. During 1986-1995 a research was conducted with the joint initiative of BRDB, BARD, RDA, Bangladesh Agricultural University, JICA and Kyoto University of Japan and invented a sustainable rural development system called “Link Model”. This internationally recognized model has created a vertical linkage among the development workers and public representatives for the socio-economic development of the rural people. The main objective of “Link Model” of Participatory Rural Development Project (PRDP) was to implement all the development activities with the approach of “Bottom Up Planning”. The main tool of this model is Union Coordination Committee Meeting (UCCM) which is a **Mini-Parliament**. This parliament has ensured peoples’ participation, transparency and accountability of all the development activities implementing in the local level. Following the success of PRDP, 3rd phase of the project is under processing. Besides, BRDB has been implementing some specialized projects to meet different goals and objectives like “Employment Guarantee Scheme for the Poor of Northern Region” for ensuring employment for the extreme poor of the northern part of the country, likewise “Minor Crops Production, Preservation, Processing and Marketing Program (MCPPP&MP)” to motivate farmers for cultivating minor crops i.e. ground nut, ginger, onion, oil seeds etc to save our foreign currency reserve. In addition, “Irrigation Expansion Project (IEP)” has taken to reactivate the inactive deep tube-wells. As recognition of these activities, Bangladesh Institute of Development Studies (BIDS) survey which was committed in 2010 has mentioned that the contribution of BRDB in the country’s GDP was estimated at 1.93%. This working spirit was on in the fiscal year of 2013-2014. In accordance with the MDG, Vision-2021 and “National Sixth Five Year Plan”, BRDB has currently been implementing six development projects.

2. Organizational structure and Vision of BRDB

Organizational Structure of BRDB

BRDB was established through The Bangladesh Rural Development Board Ordinance (No. LIII, 1982) made by the government on 09 December 1982. BRDB is governed by a Board consisting of 21 members. BRDB has five management divisions. Each division is headed by a Director.

Board of Directors

<ul style="list-style-type: none"> Minister, Ministry of Local Government, Rural Development and Cooperatives 	Chairman
<ul style="list-style-type: none"> Secretary, Rural Development and Cooperative Division (additional secretary or joint secretary in –charge of Division, ex-officio) 	Vice Chairman
Representative from <ul style="list-style-type: none"> Division of Agriculture Division of Fisheries and Livestock Division of Finance Division of Energy Division of Irrigation Division of Water Development and Flood Control Division of Local Government 	Members (An officer not below the rank of a Joint Secretary)
<ul style="list-style-type: none"> Chairman, Bangladesh Agricultural Development Corporation, ex-officio Chairman, Bangladesh Small and Cottage Industries Corporation, ex-officio Registrar, Directorate of Cooperative, ex-officio Director General, Bangladesh Rural Development Academy, Comilla and Bogra (Alternatively for one year by rotation, ex-officio) One member to be nominated by the Government from such major financial institutions as may be determined by the Government financing to the UCCAs One member to be nominated by the Bangladesh Jatiya Samabaya Union 	Members
<ul style="list-style-type: none"> Director General, BRDB, ex-officio 	Member Secretary of the Board

The vision of BRDB

“Increased production, creating employment and ensure sustainable rural development”

The mission of BRDB

- To organize Comilla type Cooperatives for optimum utilization of human as well as other material resources available for rural development.
- To organize rural peoples into cohesive and disciplined groups at grassroot level for planned and sustainable rural development.
- To create rural employment by capital flow for agricultural and non-agricultural activities.
- Encourage to deposit of small weekly savings and purchase of cooperative shares to build their own capital.
- To develop local leadership as community catalyst.
- To convert the rural poor’s as the state of human capital through training and motivation to the portfolio of asset based driven.
- To ensure local level planning and local governance.

3. Citizen Charter

3.1. At District Level (Office of the Deputy Director)

- Assist the upazila level officers & staffs in implementing the project/ programs with a view to improve the quality of life style of rural poor's.
- Approve & administer the loan activities on different IGA's.
- Solve all sorts of problems regarding group formation & loans at upazila level.
- Maintain co-ordination with other nation building departments.
- Supervise and monitor upazila level activities.
- Collect all sorts of information regarding formation of societies/groups, Revolving Loan Fund (RLF) including crop loan disbursement and realization, Awareness raising, leadership development, management and skill development training on IGAs under different development project/programs.
- Provide support for tree plantation, aquaculture, using improved chulli and sanitation;
- Increase awareness against dowry, child abuse and women repression;
- Assist supply and use agriculture inputs.
- Provide information about the services of other Nation Building Departments (NBDs);
- Looking into the local problems and disposing of complaints lodged at district level.

3.2. At Upazila Level (Office of the URDO)

- Construct formal cooperative societies and informal groups in local level.
- Implement all sorts of formal & informal projects/programs at upazila level to improve the socio-economic condition of the beneficiaries.
- Assist in creating the opportunity to develop own capital with a view to attain the self sufficiency of rural poor's through deposit.
- Conduct the activities of loan approval, disbursement & realization of loan and also in implenting the productive and IGA's activities.
- Arrange loans for the formal co-operative societies and informal group.
- Arrange training programs for social development and capacity building of the beneficiaries.
- All the development activities at upzila level be supervise and monitor.
- Co-ordinate with other nation building departments to ensure better services delivery.
- Conduct marketing activities to ensure the fair product price of the cooperative members.
- Conduct some other extension activities like irrigation management, tree plantation for environment, development sanitation and so on.
- Increase awareness for women empowerment and leadership development. Providing assistance for reducing women repression and dowry.
- Provide services relating to adult education, primary health care, sanitation, nutrition, family planning & so on.
- Providing credit for the freedom fighters and their dependents for their self employment and Income generation.
- Looking into the local problems and disposing of complains lodged at upazila office.
- Provide information about the services of other National Building Departments (NBDs).
- Follow the official directives of the higher authority regarding departmental activities.
- Coordinate with local upazilla administration and UNO office in implementing of the programs/projects.
- Prepare and provide various reports as demand by the head quarter and district office.

4. At a glance: BRDB activities for the fiscal year 2013-2014

SI. No	Name and Nature of Activities	Progress on 2013-2014	Remarks
1	2	3	4
a) Organizational Activities			
1	Cooperative/Group Formation	5732	
2	Members Enrollment	1,54,505 person	
b) Capital Formulation

13	Destribute of Fingertings	51.20 Lakh	
e) Other Activities			
14	Post Training Support	3835 person	
15	Number of GC Scheme	760 piece	
16	Number of Demonstration Plot	1036 piece	
17	Tube-wells Repairing	102 piece	
18	Establishment of hygenic Sanitary Latrine	1.13 Lakh piece	
19	Use of Improved Chulli	22000 piece	

5. Divisional Activities

The entire activities of BRDB are performed by five divisions i.e. Field service Division, Planning, Research & Evaluation and Monitoring division, Training division, Administration division and Finance & Accounts divisions. Every division is headed by one director and every section is headed by one deputy director.

5.1 Field Service Division

Field Service division is an important division which is responsible for implementing and supervising all the field level activities of BRDB. This division consists of seven sections. These are 1) Cooperative section 2) Credit section 3) Marketing section 4) Irrigation section 5) Extension section 6) Special project section and 7) Women development wing. This division is directed by one director, three joint directors and seven deputy directors.

5.1.1 Cooperative section

Cooperative section performs the following activities:

- 1) This section monitors all the activities relative to cooperative formation, audit, AGM, committee formation of UCCA and manpower Control of UCCA.
- 2) All the activities relating to cooperative Laws and rules.
- 3) Inquiry of all the complaint submitted against the offices and employees working at Upazilla level.
- 4) Activities relating to Cooperative Development Fund (CDF).
- 5) Communicate with the controlling ministry and dispatch the necessary report.
- 6) Settle complaints submitted against primary cooperative, central cooperative and national federation.
- 7) Assist administration division in categorizing and posting field level officers.
- 8) Perform administrative work of field service division.
- 9) All the activities relating to case and law suit in the court regarding UCCA staffs.
- 10) All other activities relating to cooperative.

5.1.2 Credit Section

Cooperative based credit program in the field level under main scheme is performed under the supervision of Credit Section of Field Service Division. Following three programs are performed by Credit Section :

a) Revolving (Agriculture) Credit Program :

Since the fiscal year 2003-2004, Revolving Loan Fund (RLF) program has started with the assistance of government revenue budget to distribute credit to the rural poor which added a new value in BRDB credit activities. As a result dependency on bank for loan fund has decreased. Contrary transparency and accountability of the fund has been ensured. Service charge of the loan also decreased due to excluding intermediary bank. Since 2003-2004 BRDB has got 13125.00 lakh Taka from government as RLF fund which is cumulatively grown to 16327.80 lakh Taka.

b) Bank Financed Credit Program :

All UCCAs of 61 districts are under short term crop loan program financed by Sonali Bank. Besides, shrimp loan program financed by Sonali Bank is performed in three districts (Satkhira, Khulna and Bagerhat). Crop loan program of three districts of greater Noakhali (Noakhali, Laksmipur and Feni) is financed by Janata Bank. According to banking plan UCCAs get crop and shrimp loan from bank as whole sale and distribute this loan to members of the primary society. In this case BRDB performs as a guarantor. In the beginning of fiscal

year demand of crop and shrimp loan is collected from the field by credit section. By evaluating the demand of the field level credit section take action to send a recommendation of district wise loan allocation to Sonali Bank, Head Office. According to BRDB's recommendation Sonali Bank Head Office gives yearly loan allocation against districts. Hence, regional office of Sonali Bank issues a allocation letter against UCCAs by distributing the allocation of district according to the recommendation of BRDB's Deputy Director of concerned district. Most of the crop loan is disbursed Mainly in Ropa Amom, IRRI/Boro and Aush.

c) Own Fund Credit :

Beside Revolving (Agriculture) Credit Program, Bank (Crop & Shrimp) Credit Program UCCAs disburse loan from their own fund. The UCCAs which has sufficient share-savings & own fund they distributes loan from own fund to meet the demand of cooperative members beside the running programs. In this case budget approval of UCCA is needed to disburse loan from own fund. A policy own fund credit activity is issued by the BRDB Headquarters to ensure transparency and accountability. Approval of Cooperative Department and BRDB Headquarters is needed to if the yearly disbursement amount from own fund is 10.00 lakh.

Beside the above programs following functions are performed by Credit Section as additional duty:

- Sending monthly credit report within 7th day of every month to Bangladesh Bank through online by collecting and accumulating monthly credit reports from all projects/programs ;
- Taking necessary action to hold BRDB's Internal Credit Coordination Meeting on 12th day of every month;
- Collecting and accumulating details credit information from all projects/programs;
- Sending reports concerning credit to ministries/external organization time to time;
- Preparing working paper of credit related meeting held in the ministry.

5.1.3 Marketing section

This section ensures the right use of 168 were house constructed under the assistance of various completed projects. This section also monitors the commercial activities of UCCA and works jointly with the directorate of cooperative to start cooperative market all over the country. In 2013-2014 fiscal years, eight UCCAs have earned almost 2 Million Taka profit from agricultural product and fertilizer business. Currently the following project/programs are implementing under the direct supervision of this section.

A) Fertilizer Distribution & Credit Project (FAO).

B) Sarishabari Rural Development Project (SRDP).

C) Insolvent freedom Fighters and Their Dependents' Training and Self-Employment Program.

Please see chapter 7.2 for details of the project Activities

5.1.3 Irrigation section

Since its inception, BRDB has been disbursing necessary agricultural inputs including irrigation machinery through term loan to increase agricultural production. Currently BRDB does not disburse irrigation machinery because these are available in the market in cheaper price. But the repair work of existing irrigation machineries are still going on. There are 18360 deep tube-wells and 44523 shallow tube-wells were disbursed by this section up to June 2014. The following two completed projects are currently implementing by this section;

A. Chittagong Hill Tracts Integrated Social Development Project

B. Expansion and Strengthening of Agriculture & Irrigation through Cooperative in Tangail District

Please see chapter 7.2 for details of the project Activities

5.1.4 Extension Section

To ensure environmental balance, create opportunities for supply of firewood and to provide a source of income for the beneficiaries, this section has implemented different programs. This section has been entrusted with the implementation of the following Projects/ Programs:

- A. Integrated Poverty Alleviation Program (IPAP)
- B. Guchhogram Project

Please see chapter 7.2 for details of the project Activities

5.1.5 Special project section

Special project section was launched in 1997 in BRDB headquarter with a view to preserving all the documents of the completed projects and prepare broad sheet answers to settle audit objections relating to there projects. The section works as a contact cell for the completed projects and programs of BRDB. This section prepares and distributes monthly report to the concerned sections, communicates with concern project areas and districts. Currently five completed projects are being implemented by this section. These are as follows;

- A. Productive employment and awareness raising program for rural women
- B. Productive employment program for rural women
- C. Special multipurpose development project for poverty alleviation in disaster prone areas.
- D. Mohila Bittahin Kendrio Unnayan Samity
- E. Dustha Poribar Unnayan Samity

Please see chapter 7.2 for details of the project Activities

5.1.6 Women development Wing

BRDB has implemented women development program in four successive phases within the time frame of 1975 to 1995 with the financial assistance of CIDA and World Bank under the title of “strengthening population planning through rural women co-operatives”. The project had brought a positive impact on socio-economic condition of rural women. Considering the overall success and impact of the project, government had decided to finance the project from its revenue budget since 22 May 2004.

Project at a glance:

- To organize rural women especially distressed and poor women segment into co-operatives for participation in development activities.
- To impart training on skill development.
- To accumulate own capital though share and savings deposit.
- Project Area: 130 Upzillas under 54 districts
- Duration of the project: 1-1-1997 to 22-5-2004
- Project allocation : CIDA & World Bank

5.2 Planning, Research & Evaluation and Monitoring Division

This division is responsible for preparing and submission of development project proposals, monitoring the project activities and evaluation of the activities and achievements. This division is directed by one director, two joint directors and five deputy directors. There are five sections under this division which are 1) Planning Section 2) Research and Evaluation Section 3) Monitoring Section 4) Programming section and 5) Construction Section

5.2.1 Planning Section:

The Planning Section plays key role in designing BRDB's projects. The main activity of planning section is to prepare the future plan of BRDB based on the existing national plan and policies. As a part of this, planning section prepares the DPP, TPP, RDPP, RTPP, PDPP and Project Brief and coordinates with different stakeholders for the processing of the projects. Besides, this section prepares the Annual Development Program (ADP), Revised Annual Development Program (RADP) and Mid-Term Budgetary Framework (MTBF) for BRDB and pursue for its approval. In addition, this section maintain liaison and coordination with different ministries, planning commission, ERD and other related development partners and international agencies.

The activities and achievements of planning section in the fiscal year 2013-2014 are described below:

A. **Dispatching ADP Budget Proposal:**

BRDB has sent a number of project proposals for the fiscal year 2013-2014 to incorporate in the ADP but only seven of them were included in the list and allocated budget were dispatched accordingly from the ministry. One of the six projects was funded by Japan Debt Cancellation Fund (JDCF).

B. **Development project proposals (DPP) under processing:**

1. Strengthening and capacity building of BRDB (Reformation)
2. Employment guarantee scheme for poor of northern region (2nd phase)
3. Participatory rural development project-3 (PRDP-3)

C. **Revised Development Project Proposal (RDPP/RTPP).**

Along with DPP writing, this section has revised the following RDPP/RTPP in the fiscal year 2013-2014

1. Integrated Rural Employment Support Project for the Poor Women (IRESPPW);
2. Poverty Reduction through Minor Crops Production, Preservation, Processing and Marketing Program (2nd phase).
3. Participatory Rural Development Project-2 (PRDP-2) (No cost time extension).

D. **Formation of PDPP:** Rural Entrepreneurship Development Project.

E. **JOCV Activities:**

Japan Overseas Cooperation Volunteers (JOCV) activities were launched in Bangladesh under a contract signed between the government of Japan and the government of Bangladesh in 1973. 239 JOCV volunteers have assisted in various activities of BRDB under this contract till June 2014. This program is still running.

5.2.1.1 Development proposals were submitted by planning section in the fiscal year 2013-2014

Taka in Lakh

SI No.	Project Name	Duration	Estimated Cost	Source of Fund	Project Area	Remarks
1	Strengthening & Capacity Building of BRDB	July 2014- June 2019	79505.30	GOB	485 Upazila in 64 districts in 7 Division.	Include to ADP green page Fiscal year of 2013-14. DPP submitted 2014-15
2	Participatory Rural Development Project Phase-III	July 2014- June 2019	295684.64	GOB	4571 Union at all Upazila in Bangladesh.	Do

6	Food Security and Poverty Alleviation through Modernization of Godowns under BRDB's control Project.	July 2014- June 2019	300.00	GOB	All Bangladesh	Include of green page and DPP on processing
7	Rural Entrepreneurship Development Project.	July 2014- June 2017	2022.00	Foreign Grants	200 Union, 100 Upazila at 50 districts in Bangladesh.	Include to ADP green page Fiscal year of 2013-14. DPP submitted.
8	Rural Development Through Rural Housing	January/2014-December 2019	100000.00	Foreign Grants	All Bangladesh	Include to ADP green page Fiscal year of 2013-14.
9	Enhancement of Coastal Livelihood through Small and Medium Enterprise (SME) Development.	July/2014- June 2018	6302.01	Foreign Grants	28 Upazila in 3 Coastal district	Do
10	Advocacy on Family Planning, Training and Post Training Support for Employment and Empowerment of Rural Women.	July 2014- June 2018	1094.70	Foreign Grants	All Bangladesh	Do
11	Expansion, Renovation & Modernization of Women Training Institute (WTI), BRDB, Tangail.	July 2014- June 2019	13597.68	GOB	Training centre is Situated in Tangail districts.	DPP submitted
12	Strengthening & Modernization of BRDTI	July 2014- June 2019	1509.89	GOB	Training centre is Situated in Selht districts.	Do

5.2.2 Research & Evaluation Section

Research and evaluation section is entitled to evaluate all the projects/ programs of BRDB. New innovation and related research activities are also performed by this section. There are three sub-sections under this section i.e. 1) Evaluation sub-section and 2) Research subsection 3) Library wing. The following activities were accomplished by this section for the fiscal year 2013-2014.

- Preparation, edition and publication of 2012-2013 annual report (Bangla & English)
- Statements on poverty alleviation activities for the inclusion in the Economic Survey Report 2013
- Report on different activities of BRDB for the inclusion in the report of Rural Development & Co-operative Division under the ministry of LGRD&C;
- Monitor and assistance in accomplishing KOICA activities;
- Report on BRDB's activities for the SAARC action plan;
- Report on the affect of 6th five year plan for the last four years;
- Report on different matter in different time as demanded by the government.
- Perform activities relating to Total Quality Management (TQM)

5.2.2.1 KOICA Activities:

Korean Overseas International Cooperation Agency (KOICA) has started its activities in Bangladesh in 1993. Initially KOICA has started work with BRDB in 2007 in two Upzillas. Currently KOICA is working with BRDB in the following three Upzilla;

- 1) Pirganj, Rangpur
- 2) Bhaluka, Mymensing
- 3) Muradnagar, Comilla.

At a glance: BRDB-KOICA joint activities till June 2014

SI No	Activities	Pirganj		Valuka		Muradnagar	
		2013-2014	Cumulative	2013-2014	Cumulative	2013-2014	Cumulative

----	-------------------------	---	---	---

5.2.2.2 TQM Activities

Total Quality Management (TQM) is a Japanese concept. Currently Bangladesh Public Administration Training Centre (BPATC) is implementing "Improving Public Service Through Total Quality Management (IPS-TQM)" project with the finance of GOB and the technical support of JICA. This project will continue until June 2018. The main objective of this project is to enhance the field service quality of public section of Bangladesh including BRDB. One focal point has been selected in every organization. Mr. Kazi Ali Hossain, Director (planning) is the focal point of BRDB. A TQM cell has to be formed in every organization. BRDB has constructed its 4 members TQM cell with the chair of Mr. Rabindro Nath Sharma, Director (Administration) and focal point as the member secretary of the cell. Mr. Abu Salek, Deputy Director (Training) and Mr. Mizanur Rahman, Deputy Director (Research & Evaluation) were selected as the members of the cell. TQM activities have already been implementing in 6 districts i.e. Tangail, Rangpur, Bogra, Norshingdi, Sharietpur, Comilla. Another 5 districts (Manikgonj, Gazipur, Munshigonj, Mymensing and Faridpur) will be added in the projects during the fiscal year 2014-2015. Primarily these 6 districts have implemented 21 Small Improvement Projects (SIP). In the meantime, 3 districts (Rangpur, Bogra and Tangail) have successfully completed the prescribed Small Improvement Projects. The service quality of BRDB, especially in the field level, will be improved if TQM activities are gradually implemented in all the districts.

5.2.2.3 Library Wing

Functions and the activities for the FY 2013-2014

- Collection, preservation and supply books, publications, reports and journals to the readers.
- In addition to serving to the BRDB's staffs, library also serves students/teachers/researchers come from local and foreign universities.
- Distribution of BRDB's annual report to district and upzilla offices, NGOs, ministries, donors and other concern parties.
- Purchasing books, journals and other reading materials

5.2.3 Monitoring Section

Monitoring section of BRDB performs various duties and responsibilities. The main tasks of this section are monitoring of ADP projects, reporting to administrative ministry and planning commission, arranging internal ADP meeting and preparing and sending other necessary reports to the concerned. The following reports are prepared and sent by this section;

Monthly Report:

- Monthly activities report of BRDB for Cabinet Division.
- IMED-05/2003 report.
- Report on public Procurement.
- Report on women and children abuse.
- Performance report in prescribed monitoring forms on ADP projects
- Procurement progress report of the ADP projects.

- G. Progress report of cooperative society under ADP projects.
- H. Report regarding social safety net activities.
- I. Report on the allocation, release, expenditure of financial progress for internal ADP meeting.
- J. Follow up report on ministry's ADP meeting.
- K. Report on the development activities of Hilly Tract areas.

Quarterly Report

- a. IMED-03/2003 report.
- b. Progress report of BRDB's revenue and development budget.
- c. Report on manpower for the Bureau of Statistics.

Half-yearly report

- 1. IMED-02/2003 Report .
- 2. Report on micro-credit activities for Micro-credit Regulatory Authority (MRA)

Yearly Report

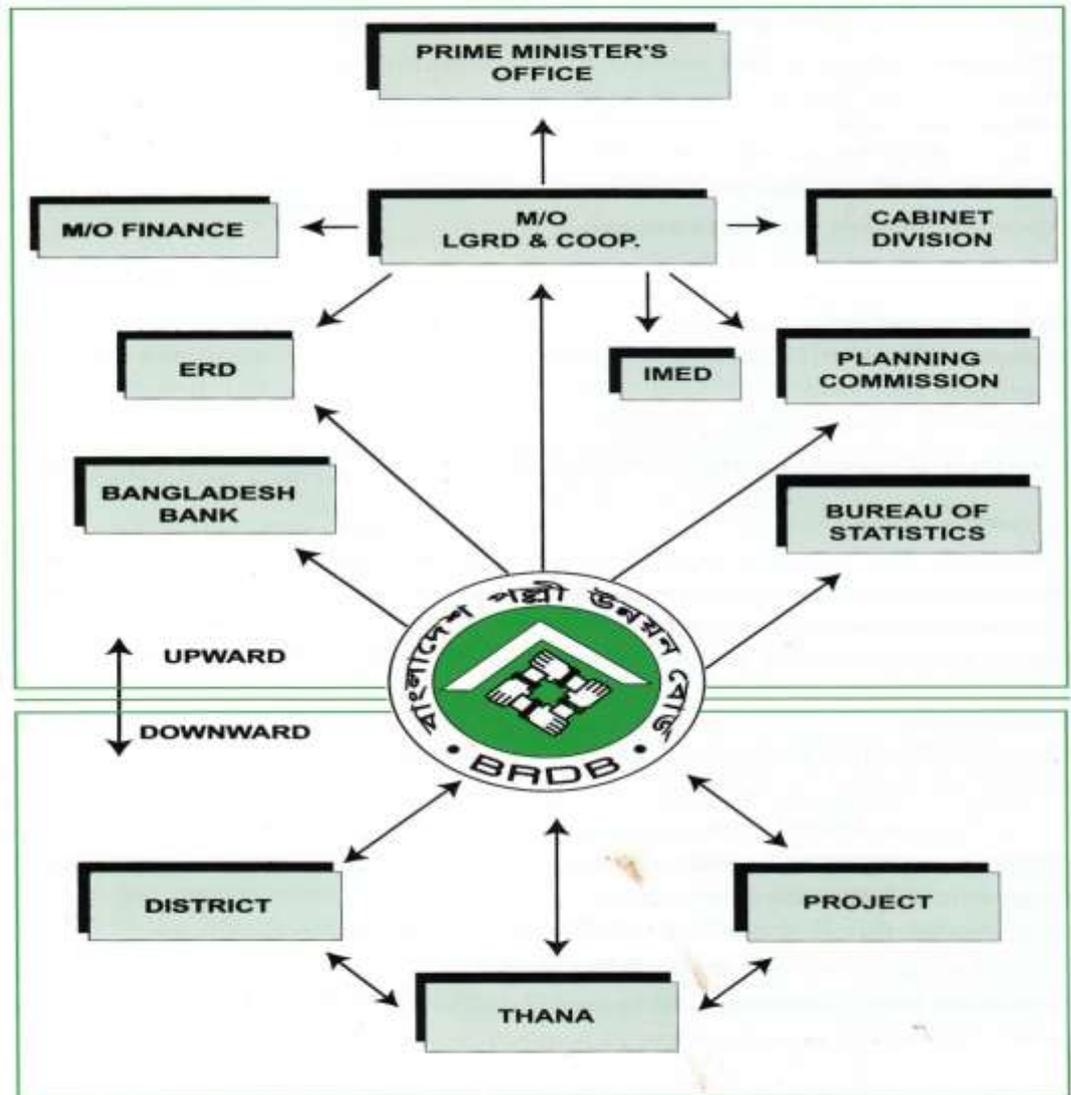

- 1. Annual report on BRDB activities for the Cabinet Division.
- 2. Microcredit report for Credit and Development Forum (CDF).
- 3. Project wise report on yearly allocation, fund release and expenditure.

Irregular but essential report

- 1. IMED-01/2003 Report.
- 2. IMED-04/2003 Report.
- 3. Report on the demand of the Prime Minister's office.
- 4. Report on the question and answer of the national parliament.
- 5. Working paper on BRDB activities for the parliamentary standing committee.
- 6. Implementation report on the decisions taken by Secretary's committee meeting.
- 6. Report on development activities demanded by the ministry.
- 7. Instant report on various issues demanded by the Prime Minister's office, administrative ministry and others departments/organizations.

A-1 Frame work of Monitoring Network of BRDB is as bellow:

MONITORING NETWORK

5.2.4 Programming Section

Programming Section plays a vital role in accelerating the development initiatives of Information Communication Technology (ICT) BRDB at all level. MIS report comprising all activities of projects/programs of BRDB were processed and preserved in database using MIS reports from upazila by this section. BRDB has been formed an interim ICT Cell under programming section to ensure easiest service for people by adopting ICT. Ongoing activities of Programming Section are-

- Further development, Maintaining and updating of BRDB's website (www.brdp.gov.bd),
- Development and solving the technical problems of online MIS software,
- Maintaining Wi-Fi connectivity of Local Area Network (LAN) and broadband Internet services within BRDB Head Quarter (HQ) and ensure networking from Quarter (HQ) to Upazila.
- Continuous automating and up graduation of BRDB activities e.g. e-service system, digital filing systems, necessary software, file sharing at Quarter (HQ), use of computer for officers/staffs, email ID using official web address, service innovation, online citizens services,
- Initiatives to follow and implement of ICT act-2009 in a view to construct "Digital Bangladesh",
- Arrange training program on ICT for officers/staffs ,

Achievements of the FY 2013-2014:

- Introduced 4 MBPS Wi-Fi connectivity at BRDB headquarter,
- Linked BRDB service portal in national web portal (www.services.portal.gov.bd) with the assistance of a2i project in a view to e-service system,
- Content for micro-credit profile has been prepared to introduce e-service for micro-credit management with the assistance of a2i project,
- Initiative to has became taken to construct PDS software for officers/staffs,
- Introduce email ID using official web address,
- Arrange training on service innovation for 42 URDO's,
- Set up a server with the help of a project of Bangladesh Computer Council,
- Purchased of IT materials. Computer-35 (Desktop-30 and Laptop-05), Computer accessories and computer servicing & repairing.

5.2.5 Construction section

All the construction work including physical structure i.e. two/three storied building, repair and renovation works of Palli Bhaban of BRDB under revenue and development budget is performed by this section. work

Construction work at a glance under revenue budget in 2013-2014

SI. No	Name of the work	Remarks
	A. Headquarte	
1	Liftservicing of Palli Bhaban	
2	Mirror polishe tiles set up in the ground and first floor of Palli bhaban for beautification	
3	Stair tiles and SS railing up to 2 nd floor for beautification	
4	Pluster and painting work of under ground	
5	Repair work of basement	
	B. Upzilla level	
1	Vertical extension work of Palli bhaban in Kapasia, Gazipur	
2	Repair work of Palli bhaban in Khoksa under Kustia district	
3	Repair work of Palli bhaban in Mirjagonj under Patuakhali district	
4	Repair work of Palli bhaban in Betagi under Borguna district

5.3.2 Training Institutes of BRDB

There are three training institutes under this division. These are;

1. Bangladesh rural development training institute (BRDTI)
2. Women Development Training Institute, Tangail (WDTI)
3. Noakhali rural development training center (NRDTC)

5.3.2.1 Bangladesh Rural Development Training Institute (BRDTI)

Bangladesh Rural Development Training Institute (BRDTI), the oldest training institutes in rural development sector of the country, has been engaged in building skill human resources of government and non-government agencies, as well as performing research activities in the field of rural development and poverty reduction. BRDTI was established in the pre-independent time of the country with a view to train V-AID employees for the purpose of village development in 1954. After liberation as it was increased the importance of rural development activities and got extension of its working area, the ministry of Local Government Rural Development and Cooperatives handed the institute over the then gigantic program named 'Integrated Rural Development Program (IRDP)' in 1972, which had later been transformed into Bangladesh Rural Development Board (BRDB). Finally in 1992, BRDB took the possession of the institute and established it as a national level apex training institute by giving the new name as Bangladesh Rural Development Training Institute (BRDTI).

Location of BRDTI

The institute is located at Khadimnagar, Sylhet, 8 km. away from Sylhet Divisional Town along Sylhet-Tamabil highway. The Campus covers 10.62 acres of land area with picturesque bush green surroundings. Agricultural Training Institute (ATI), BSCIC Industrial Park, Fisheries Training institute, Khadim Tea Estate, Sylhet Sadar Upazila parishad and the Shrine of famous Sufi Saint Hazrat Shah Poran (R) are situated around BRDTI campus.

Academic Building:

All the training activities of BRDTI are centered by its two storied Academic cum Administrative building. Ground floor of the building contains 35 Office Rooms of employees and officers and a Faculty Meeting Room. There are four classrooms along with four syndicate rooms, a store house containing modern training materials and a Conference Room with a capacity of 100 participants and with PA system facilities are located at the upper floor. All these training arrangements are under full coverage of multimedia, sound system and air-condition facilities. A number of 280 participants being divided in five batches can be attaining training facilities at a time in the Academic Building.

Other Training Facilities at BRDTI

BRDTI Library is enriched with its 10 thousand reading materials situated in the Academic Building. The institute has a modern Computer Lab decorated with 16 computers. Four hostels of BRDTI can accommodate a number of 162 participants and two-storied modern Cafeteria having two dining hall can serve 350 people at a time. Three Common Rooms furnished with television and indoor sports materials for entertainment purpose of the participants, Jame' Mosque with the capacity of 150 Musalli, a large pond with an area of two acres of land and residential building of BRDTI employees are located inside the campus. In July 2007 a modern auditorium with 600 seat capacity was added with the existing facilities of BRDTI. Facilities of Auditorium include modern sound and digital light control system with the comfort of central air condition system.

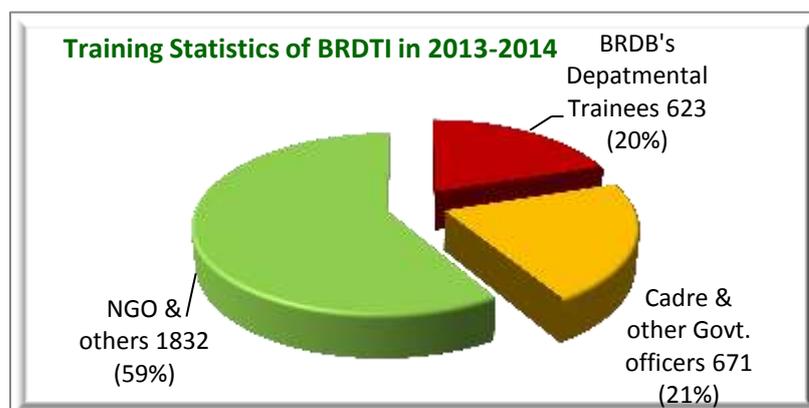

Manpower of BRDTI

The total manpower size of the institute under revenue set up is 41 only; among them Director as the Head of the institute, two Joint Directors, 8 Deputy Directors, one librarian, one artist, one Administrative Officer and one Junior Officer (Accounts) have made its faculty enriched. 26 other employees under revenue budget help the institute to ensure better service delivery. But only 32 employees out of 41 are now posted at the institute. Moreover, having no revenue post for classroom attendants or other necessary support services like hostel, cafeteria, auditorium, security, gardening or cleanliness, BRDTI is being managed with some irregular basis employees under master roll and consolidated pay.

Training Activities of BRDTI in the Financial Year 2013-2014

As a specialized training institute, BRDTI is mainly responsible to train departmental officers and staffs of BRDB and to organize various IGA and trade-based training for other beneficiaries in the field of rural development and poverty reduction. BRDTI conducts Foundation Trainings, Refreshers Courses, Office Attachment Programs on Rural Development and Poverty Reduction and other short courses for BRDB employees and beneficiaries, cadre officers from NAEM, BPATC, BCS Administration Academy and BIAM Foundation, Dhaka and other non-cadre officers from various institutes on a regular basis.

In the financial year 2013-2014 BRDTI had trained a number of 3,126 participants, among them 623 (20%) were BRDB's departmental employees. BRDTI had also trained 547 more cadre officers (17%) of BPATC, NAEM and other institutes with own module of Office Attachment Programs on Rural Development and Poverty Reduction courses. The rest of 1,956 people of other Government and Non-government agencies and beneficiaries had been facilitated by BRDTI during the training year of 2013-2014.

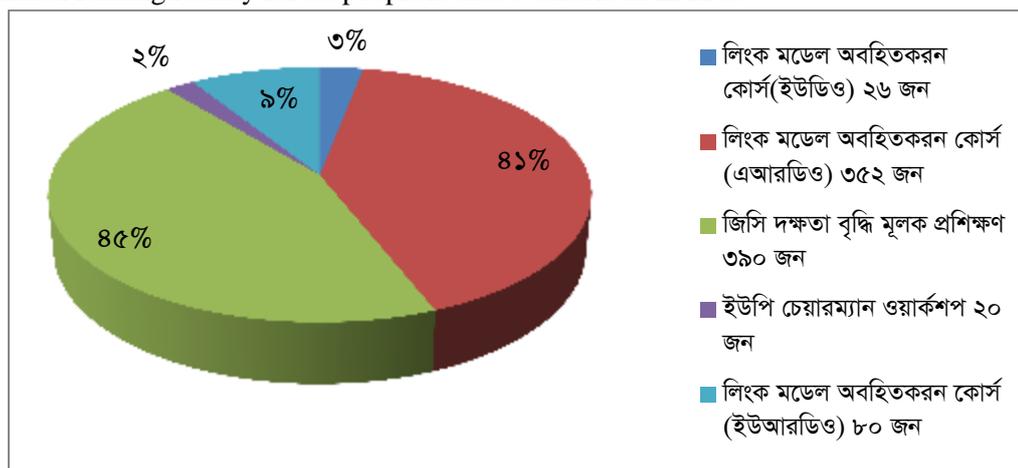

5.3.2.2 Women Development Training Institute, Tangail

Tangail women development training institute was established in 1984 with the technical assistance of German. In 1987 WTI, the only technical training institute for the women was enlisted into the women development program of BRDB. Later WTI was handed over to JAICA funded project PRDP for the project period and during this time it was identified as Link Model Training Center (LMTC). LMTC located in Tangail district which is almost 100 kilometres away from Dhaka city. It arranges orientation, skill development training, refreshers training course for the beneficiaries, project officers/staffs, union parishad chairman and members.

Existing facilities

LMTC is a residential training center. There are 23 administrative and training class rooms in LMTC. It has 10 hostel rooms where 20 trainees can be accommodated. There is a big hall rooms where 100 trainees can attend at a time. A dining facility for 30 people is also available in LMTC.

5.3.2.3 Noakhali Rural Development Training Center (NRDTC)

Noakhali rural development training center (NRDTC) was established in 1987 in Maizdi, the heart of Noakhali district, with the financial assistance of Noakhali rural development project-2 of BRDB. NRDTC is situated in a naturally attractive location with the land area of 0.87 acres. It organizes courses including basic and skill development training, seminars, workshops and human resource development training courses.

Existing facilities

NRDTC is a two storied building. It has 2 class rooms with the capacity of 40 people, an auditorium with the capacity of 300 people, a dining hall with the capacity of 100 people, 2 facilitator rooms, hostel facilities for 30 women and 48 men.

5.4 Administration Division

The main tasks of administration division are personnel management and human resource planning of BRDB employees under revenue budget. This division consists of six sections. These are 1) Personnel section 2) Discipline sub-section 3) Pension (adm) sub-section 4) Common service sub-section and 5) Transport sub-section. This division is directed by one director, one joint director and two deputy directors.

5.4.1 Personnel Section

The following activities are accomplished by this section in the fiscal year 2013-2014

1. Proposal for “Transforming BRDB into a Directorate” was sent to the secretary’s committee meeting for administrative reforms after getting necessary approval from the ministry of public administration and finance.
2. Proposal for “Seven Divisional Office under Revenue Budget including necessary manpower of 3066” was sent to the secretary’s committee meeting.
3. A proposal was sent to the secretary’s committee meeting for changing the “Deputy Project Director (DPD)” post as “Senior Assistant Director (SAD)”. Currently 30 DPD posts are available in 30 districts. The proposal also demanded to create the rest of the 34 SAD posts in BRDB.
4. Proposal was sent to the secretary’s committee meeting for creating two 5th grade post of “Medical Officer” and “Law Officer”.
5. Proposal for “Upgrading status of all the post from ARDO to Director including recognition of ARDO post as class-1 status” was sent to the finance ministry after getting the consent from the ministry of public administration.
6. Proposal for creating new 19 posts in 7 categories including joint director (construction) was sent to the rural development and cooperative division.
7. Proposal for “Bangladesh rural development Board Act 2014” was sent to the cabinet for approval.
8. Proposal for the approval of the existing TO&E was sent to the ministry of public administration.
9. A proposal was sent to the ministry of public administration for changing the “Accountant” post as “Junior Officer (Accounts)” including the proposal for upgrading the post to 2nd class status.

6	Assistant Rural Development Officer	37
7	Upper division assistant	14
8	Stenographer cum-computer Operator	02
In total		148

5.4.2 Discipline sub-section

Certainly it's a crucial task to take disciplinary action against any employees in service. Discipline sub-section of BRDB is entitled to execute departmental proceeding. It also performed various tasks related to the case initiated in favor or disfavor of BRDB in the court. This sub-section also preserves and takes necessary disciplinary actions relating to Annual Confidential Report (ACR). It provides information regarding ACR while any departmental promotion committee meeting is arranged.

At a glance: Disciplinary actions/case activities were accomplished by this section in FY 2013-2014

SI No	Types of case	2013-2014 Case submitted	2013-2014 case settled	Cumulative pending case	Remarks
1	Information regarding cases submitted into the court.	7	5	37	Pending case under processing
2	Information regarding departmental proceedings	2	3	5	Pending case under processing

5.4.3 Pension (administration) sub-section

Pension (administration) sub-section is an important wing of administration division. this sub-section performs all the necessary activities relating to post retirement leave (PRL) and pension claims. 85 employees were departed to PRL during the fiscal year 2013-2014. This sub section performs all the administrative activities relating to pension, GPF, family welfare fund, family security fund and group insurance.

Activities accomplished by this sub-section in the fiscal year 2013-14

SI No	Activities	Amount/Numbers
1	Number of employees drop to PRL	85 nos
2	Number of pension case settled	30 nos
3	Number of pension case under processing	55 nos

5.4.4 Common service sub-section

The common service sub-section under administration division ensures all the supplies and services needed for office maintenance. All the printing work, purchasing and supplying stationary, office furniture, electric materials and services were provided by this sub-section. This sub section also responsible for telephone connection, office room allocation, water, sanitary and electricity supply and bill payment, management of BRDB's residential complex "Palli Kanon" at Uttara. It also arranges tender committee meeting where necessary.

5.4.5 Transport sub-section

Transport sub-section is responsible for the following tasks;

1. Purching new transport according to the budget allocation
2. Distribution of transport vehicles in all the offices in district level.
3. Ensures the right use of the transport.
4. Fuel supply for the transport
5. Repair and maintenance of transport
6. Preservation of log book from the driver
7. Duty roaster for the drivers

5.5 Public Relation and Coordination (PRC) section

Public relation and coordination (PRC) section is directly controlled by the director general of BRDB. This section is responsible for all kind of internal and external communication and coordination with various government and non-government organizations, press and media. PRC is directed by a deputy director. This section executes the following tasks;

1. All the secretarial works for calling "Board Meeting" on behalf of director general.
2. Arrange of monthly coordination committee meeting in BRDB headquarter. It also arranges conference of district officers.
3. Communicate with press and Medias, sends press release and take necessary actions for the publicity of BRDB's activities.
4. Publication of quarterly e-bulletin.
5. Takes necessary steps to publish all the advertisement of the board in the newspaper.
6. Prepare questions and answers for approaching to parliament and despatch the progress report of BRDB
7. Collect all the news published in the newspaper relating to BRDB's activities
8. Maintain all kind of protocol for the director general and other high officials

5.5 Finance & Accounts Division

All the activities relating to financial management were executed by Finance & Accounts divisions. There are five sections and sub-sections under this division; these are (1) Finance & Budget section, (2) Accounts section, (3) Audit Section, (4) Inspection Section & (5) Pension (Finance) sub-section. This division is directed by one director, two joint directors and four deputy directors.

5.5.1 Finance & Budget section

Financial management of all the ongoing projects/programs including revenue budget are maintained by this section. In the fiscal year 2013-14, total ADP allocation was 834.435 Million Taka from GOB in favor of seven ADP projects of BRDB. This section collected the project allocation money from the ministry and distributed the money to all the concerned projects. This section also collects budget under revenue head and allocated to the district and Upzilla offices. Total revenue expenditure in the final year 2013-14 was 1138.3 Million Taka

5.5.2 Accounts Section

This Section keeps the record of all the transaction executed in both the revenue and the development budget. The revenue budget allocation for headquarters in the fiscal year 2013-14 was 1246.969 Million Taka. All the activities relating to GPF, Family Welfare Fund, Family Security Fund and Group Insurance including payment for the pensioners are done by this section. In the fiscal year 2013-2014 total 172.974 Million Taka was paid off to 35 pensioners. Almost 2546.732 Million Taka were paid off as pension amounts to 1313 employees till June 2014. Almost 2.817 Million Taka was paid off as family welfare fund and 0.647 Million Taka was paid off as family security fund in the fiscal year 2013-14.

5.5.3 Audit Section

Audit section performs the following tasks;

1. Salary fixation of all officers/Staffs of BRDB in the eve of national pay scale, selection grade, Time scale, promotion and salary equalization.
2. This section prepares Audit schedule, performs internal audit, disclose audit report including four training institutions, all the district offices and upazilla offices.
3. This Section prepares Broad sheet answers of all the objections raised by local and revenue audit and sends the reports to the concerned offices and ministries. This section also arranges bilateral or trilateral meeting to settle the audit objections.
4. Monthly, bi-yearly, yearly and special reports were sent to the concerned ministries and divisions according to their demand.

At a glance internal and revenue audit activities were accomplished in the FY 2013-14:

In the fiscal year 2013-2014, total 222 audit objections were raised and 219 objections were settled. During 2013-2014, 10730 audit objections were settled among 12758 internal audit objections. On the contrary, 15 objections were settled among 261 under revenue audit in 2013-2014. Total 3784 objections were settled among 4085 under revenue audit upto June 2014.

5.5.4. Inspection Section

Activities were accomplished by this section in the fiscal year 2013-2014

All the district officers performed their field visit according to the instruction given by the inspection section of BRDB. The District officers were bound to submit their tour report showing their progress on loan functions and cooperative activities. They also submit their tour bill in this section. This section verifies this tour report and bills and sends it to the director (Field Service) for administrative approval. After the bill was sent to the accounts section for the financial approval. After getting the financial approval, the bill was sent to the district office. This section regularly monitors the reimbursement report of unrealized advance and misappropriated money. Total unrealized money up to June 2014 was 9.846 Million Taka Where 0.597 Million Taka was realized in the reporting year and the rest of 9.249 Million Taka is still due. Total misappropriated money was 11.238 Million Taka Where 1.334 Million Taka was realized in the reporting year and unrealized money was 9.904 Million Taka. Total 86 officers from headquarter had performed their field tours during 2013-2014 in 107 upazilla/district offices.

5.5.5 Pension (Finance) sub-section

This sub-section is entitled to do the following jobs:

1. Salary payment to the officers who are in PRL
2. Processing of pension files and presentation of final bill
3. Payment of medical and festival allowances to the pensioners
4. Payment of lump grant and monthly pension to the pensioners
5. Fill up pension grants forms.
6. Certification of pension deductions.
7. Management of fixed deposits into the bank.
8. All the activities relating to the provident fund for the employees

At a glance: Activities were accomplished in the fiscal year 2013-2014

Sl. No	Activities	Amount (TK Lakh)
01.	GPF Deposited by subscribers	453.94
02.	GPF Loan Disbursed	440.53

6.2.2 Palli Pragati Prakalpa (PPP)

- **Project Area** : 476 Unions of 476 Upazilas under 64 Districts.
- **Duration of the Project** : July, 2000- June, 2008.
- **Allocation & Source of Fund** : TK. 14966.78 Lakh & GOB.
- **Goals & Objective** :
 - To increase the IGA operation by providing microcredit and training.
 - To increase women empowerment for further social development.
 - To increase awareness on comprehensive village development health and production and social forestry.

****Achievement during the FY 2013-2014 is shown in annexure 1-4**

6.2.3 Productive Employment Programme (PEP)

- **Project Area** : 27 Upazilas under 5 districts
- **Duration of the Project** : 1986- 200 (3rd phase)
- **Allocation & Source of Fund** : TK. 9041.78 Lakh & Swedish SIDA and GOB.
- **Goals & Objective** :
 - To continue IGA's activities by providing loan.
 - To improve the living standard for socio economic development of the rural people.

****Achievement during the FY 2013-2014 is shown in annexure 1-4**

6.2.4 Fertilizer Distribution & Credit Project (FAO)

- **Project Area** : 20 Upazilas under 22 Districts.
- **Duration of the Project** : July,1979 – June,1987.
- **Allocation & Source of Fund** : TK. 173.72 lakh & FAO,UNDP.
- **Implementing Section/Division** : Marketing section, Field Service Division.
- **Goals & Objective** :
 - To increase agricultural production, supply fertilizer and seeds.
 - To assist capital formation through thrift deposit.
 - To construct godown.

****Achievement during the FY 2013-2014 is shown in annexure 1-4**

6.2.5 Sarishabari Rural Development Project (SRDP)

- **Project Area** : Sarshabari Upazila of Jamalpur district
- **Duration of the Project** : January, 1996- December, 1998.
- **Allocation & Source of Fund** : TK 26.00 lakh & GOB
- **Implementing Section/Division:** Marketing section, Field Service Division.
- **Goals & Objective** :
 - To organize marginal farmers & asset-less women for socio-economic development.
 - To provide training for undertaking different Income Generating Activities (IGAs).
 - To create self-employment, increase income & thereby improve living standard.

****Achievement during the FY 2013-2014 is shown in annexure 1-4**

6.2.6 Insolvent Freedom Fighters and Their Dependent's Training & Self-Employment Program

- **Project Area** : All Upazillas of Bangladesh
- **Duration of the Project** : July,2005- June,2009.
- **Allocation & Source of Fund** : TK. 3750.00 lakh & GOB
- **Implementer Section/Division** : Marketing section, Field Service Division.
- **Goals & Objective** :
 - To develop skill through training of Income Generating Activities (IGAs).
 - To achieve self independent and develop the living standard through provide training, capital formation and microcredit facilities.

****Achievement during the FY 2013-2014 is shown in annexure 1-4**

6.2.7 Chittagong Hill Tracts Integrated Social Development Project

- **Project Area** : 25 Hill Tracts Upazilas in 03 Districts.
- **Duration of the Project** : July, 1992- June, 1996.
- **Allocation & Source of Fund** : TK. 426.31 lakh & GOB
- **Implementer Section/Division** : Irrigation section, Field service Division.
- **Goals & Objective** : Ensure the development of the backward and disadvantaged People of the Chittagong hill tract districts.

****Achievement during the FY 2013-2014 is shown in annexure 1-4**

6.2.8 Expansion and Strengthening of Agriculture & Irrigation through Cooperative in Tangail District

- **Project Area** : 11 Upazilas in Tangail Districts
- **Duration of the Project** : July, 1994-June, 1999.
- **Allocation & Source of Fund** : TK. 218.00 lakh & GOB
- **Implementer Section/Division** : Irrigation section, Field service Division.
- **Goals & Objective** :
 - To increase the production through irrigation and create employment opportunities in the agricultural sector.
 - To create self-employment, increase family income and improve the living standard.

****Achievement during the FY 2013-2014 is shown in annexure 1-4**

6.2.9 Integrated Poverty Alleviation Program (IPAP)

- **Project Area** : 443 Upazillas under 64 Districts.
- **Duration of the Program** : On Going
- **Allocation & Source of Fund** : TK. 184.25 lakh & GOB,
- **Implementer Section/Division** : Extension section, Field service Division.
- **Goals & Objective** :
 - To organize rural poor people into informal groups and diversified income generation Activities (IGA) for lacking the credit flow properly.
 - To create own fund through week savings.
 - To increase credit fund by increasing RLF.

****Achievement during the FY 2013-2014 is shown in annexure 1-4**

6.2.10 Guchhagram Project

- **Project Area** : 137 Upazillas under 53 Districts.
- **Duration of the Project** : January 2009 to June 2020
- **Allocation & Source of Fund** : TK. 1065.00 lakh & GOB.
- **Implementer Section/Division** : Extension section, Field service Division.
- **Goals & Objective** :
 - To increase capacity of the beneficiaries by providing micro-credit.
 - To create own fund by weekly savings.
 - To increase credit fund by RLF.
 - To involve rural people in diversified income generation activities (IGAs) by providing training.

****Achievement during the FY 2013-2014 is shown in annexure 1-4**

6.2.11 Productive employment and Awareness Raising Program for Rural Women

- **Project Area** : 03 Upazillas in 03 Districts.
- **Duration of the Project** : July, 2007-June, 2010.
- **Implementer Section/Division** : Extension section of Field Service division
- **Allocation & Source of Fund** : TK. 28.00 lakh & Afro-Asia Rural Development Organization.
- **Implementer Section/Division** : Special Project section, Field service Division.
- **Goals & Objective** :
 - To reduce poverty and raise the standard of living of rural women;
 - To create self employment, Income generation of target groups;
 - To reduce of discrimination of men & women by economic and social empowerment.

****Achievement during the FY 2013-2014 is shown in annexure 1-4**

6.2.12 Productive Employment Program for the Rural Women

- **Project Area** : 03 Upazillas in 03 Districts.
- **Duration of the Project** : January, 2004-December, 2004.
- **Allocation & Source of Fund** : TK. 29.10 lakh & Afro-Asia Rural Development Organization.
- **Implementer Section/Division** : Special Project section, Field service Division.
- **Goals & Objective** :
 - To reduce poverty and raise the standard of living of rural women;
 - To create self employment, Income generation of target groups;

****Achievement during the FY 2013-2014 is shown in annexure 1-4**

6.2.13 Special Multipurpose Development Project for Poverty Alleviation in Disaster Prone Areas

- **Project Area** : 12 Disaster Prone Upazilas in 12 Districts.
- **Duration of the Project** : July,2000-June, 2003
- **Allocation & Source of Fund** : TK. 870.00 lakh & IFAD.
- **Implementer Section/Division** : Special Project section, Field service Division.
- **Goals & Objective** :
 - To ensure the securities of lives and prosperities in disaster prone areas.
 - To generate income of landless & vulnerable people and bring their socio economic development.
 - To ensure the proper utilization of cyclone/flood shelter centers built in all over the country

****Achievement during the FY 2013-2014 is shown in annexure 1-4**

6.2.14 Mohila Bittahin Kendrio Unnayan Samity (MBKUS)

- **Project Area** : 20 Upazilas of 06 Districts.
- **Duration of the Project** : July, 1985- June, 1993.
- **Allocation & Source of Fund** : TK. 2659.04 lakh & UNICEF
- **Implementer Section/Division** : Special Project section, Field service Division.
- **Goals & Objective** :
 - To create employment opportunity for rural women and engage in various income generating activities,
 - To motivate the beneficiaries for adopting new craft & technology for increasing their incoming;
 - To ensure the gradual increase of Revolving Loan Fund (RLF) for attaining sustainability of the project.

****Achievement during the FY 2013-2014 is shown in annexure 1-4**

6.2.15 Dusha Poribar Unnayan Samity (DPUS)

- **Project Area** : 22 Upazilas of 23 Districts.
- **Duration of the Project** : July, 1982- June, 1993.
- **Allocation & Source of Fund** :1470.77 Lakh & UNICEF
- **Implementer Section/Division** : Special Project section, Field service Division.
- **Goals & Objective** :
 - To create employment opportunity for rural poor people and promote them in various income generating activities by providing credit facilities.
 - To promote the social status and the standard of livings of poor people by earning additional income.

****Achievement during the FY 2013-2014 is shown in annexure 1-4**

6.2.16 Primary Health Care Project (BAN PHC-006)

- **Project Area** : 03 Upazilas in 03 Districts (02 Unions per Upazilla)
- **Duration of the Project** : July 1992 to June 2000.
- **Allocation & Source of Fund** : TK. 16.02 lakh & GOB, WHO
- **Implementer Section/Division** : Programming section, Planning Division.
- **Goals & Objective** :
 1. To improve the living standard by saving activities, credit facility, leadership capability increase income & self employment.

****Achievement during the FY 2013-2014 is shown in annexure 1-4**

6.2.17 Ideal (Adrsha) Village Project-2

- **Project Area** : 105 Upazilas of 39 Districts.
- **Duration of the Project** : April, 2007- June, 2017.
- **Allocation & Source of Fund** : TK. 9.72 lakh & GOB
- **Implementer Section/Division** : Training Division.
- **Goals & Objective** :
 - To reduce poverty of targeted people providing micro-credit for IGAs;
 - To provide training on social awareness and IGAs;
 - To increased income and improve the living quality.

****Achievement during the FY 2013-2014 is shown in annexure 1-4**

6.3 Special Activities of BRDB's own initiative

KARUPALLI

Objectives:

KARUPALLI a Sales Cum Display Center is one of the marketing arm of poverty alleviation projects being implemented by Bangladesh Rural Development Board (BRDB). It is in fact, a supporting initiative in the form of a display center and a marketing outlet for the various handicrafts & other products produced by the members of co-operatives and assetless groups. This sale Cum Display Center was opened in April 1989 with the technical and financial assistance of Japan Overseas Cooperation Volunteers (JOCV). The main objective of KARUPALLI was to alleviate poverty of the beneficiaries and asset less people.

Activities:

- ❖ To encourage sale and display of handicraft items produced by the beneficiaries of BRDB.
- ❖ To provide marketing support for handicrafts producing by the beneficiaries.
- ❖ To create employment opportunity for co-operative members.
- ❖ To encourage women participation in cottage industries.
- ❖ To develop local and potential export market for handicrafts producers
- ❖ To encourage various handicrafts producing organizations.

Product range and collection source:

Varities of Nakshi work products like Nakshi Kantha, Nakshi Bed Cover, Cushion Cover, Walmat, Jute items, Leather items, Ornaments, Table mat, Gift items, Moslin items, a variety of dresses according to festivals are available here. Products are available here at relatively cheaper prices than other famous sale center of Dhaka city. At present Karupalli collects various types of product from all over Bangladesh i.e. Dhaka, Mymensing, Sirajgonj, Manikgong, Tangail, Jessore, Jamalpur, Narsingdi, Pabna, Thakurgaon, Rajshahi, Comilla, Foridpur, Shoriotpur, Khulna, Bogra, Chapainobabgonj, Gagipur, Rangpur, Cox'sbazar, Sylhet, Moulvibazar, Rangamati, Narayangonj ect.

Future Plan:

- Establishment of new outlets in all Divisional cities including some potential areas in Dhaka city one by one.
- Establishment of five Product collection centers in Jamalpur, Rangpur, Jessore, Pabna/Tangail and Sylhet/Moulvibazar.
- Establishment of an One Stop Production Center in Manikgonj and Tangail district.

Customers are highly invited to visit KARUPALLI Show Room. Your patronage and support to KARUPALLI will go a long way in bringing success to different Poverty Alleviation Programs under the canopy of BRDB.

7. Evaluation of BRDB's Contributions

Government took initiatives to evaluate the BRDB's performance by various research organizations and evaluation teams. For the last few years findings/comments of the evaluation and impact study are as follows:-

Sl. No	Type of Study	Research organization	Year	Major Findings/Comments
01	Impact Study on RLP	IMED	2006	(i) Rural livelihood project (RLP) has demonstrated a model of poverty alleviation of the poor people through their own management with minimum cost and it is the difference from usual micro-credit operation and is an alternative to the high cost NGO Programs. (ii) Average income from IGA of the beneficiaries increased and contribution of income from IGA to the total family income is about 34%, (iii) Ownership of the land increased by 88% , (iv) school going children per family increased to over 70%, (v) Consumption of nutritious food increased to 27%, (vi) Access to sanitary latrine increased to 41%, (vii) Access to safe drinking water increased to 47% and (viii) women empowerment in the project area was remarkable.
02	Evaluation of BRDB's performance	BIDS	2010	(i) BRDB has been quite successful in helping its beneficiaries to move up in the poverty ladder and to overcome poverty as well as. Poverty rate among the BRDB Programmed beneficiaries is 11% lower than that of the control households as well as national average, (ii) BRDB also contributed significantly to the GDP of the country. Contribution of BRDB in the country's GDP is estimated at 1.93% which is remarkable and (iii) BRDB also helped its beneficiaries significantly in accumulating assets (both land and non-land), achieving better livelihoods and securing women's empowerment.
03	Impact Study of PEP	IMED	2010	(i) BRDB's poverty reduction efforts/initiatives contributed in alleviation of rural poverty to a commendable extent. (ii) Increase of standard housing from 10.30 to 95.60 (iii) Increase of standard food intake from 2.33 to 4.92 (iv) Increase of annual income from 4% to 15.26%
04	Evaluation of two tiers cooperative system by IARD	IMED		BRDB played a critically important role in the agricultural sector in the '70s and part of '80s, using the TCCA and KSS as conduits for the provision of credit & agriculture inputs & requisites resulted in rapidly increasing agriculture production.
05	Impact Survey on NBDs services in PRDP-2 project area	IMED	2010	(i) BRDB plays an important role by PRDP-2 project to change increase NBDs service. (ii) BRDB plays an important role to motivate people to pay holding tax. (iii) BRDB plays an important role to introduce open budget of union Parisad.
06	Impact Study of IPAP	Sterling University, UK	2011	(i) Beneficiaries of BRDB had remarkable participation in decision making and play direct role on social issue which was the result of leadership development. (ii) Comparing to other organizations BRDB's beneficiaries were created more varieties of IGAs by using micro-credit. (iii) Livelihood diversification was seen of the beneficiaries of BRDB.
07	Midterm evaluation of PRDP-2	RDCD Team	2012	(i) Awareness on socio-economic development among the villagers has been increased than the out of the project area due to the training Program, Gram Committee Meeting and Union Coordination Committee Meeting, (ii) Villagers got more services from nation building departments than the out of the project area and (iii) Development works of the government implemented more smoothly due to the linkages among the villagers, nation building departments and local representatives.

8. Assets at BRDB

8.1 Physical Assets at BRDB Head quarters & in Dhaka City Corporation

10. Success stories

10.1 Rashida Begum's story of defeating poverty

Rashida Begum who lives at Nachunia village in Terkhada upzila under Khulna district is a mother of two sons and a daughter. She was passing her days with great poverty. Among the three children, her elder son was in class seven, younger son in class four and her youngest daughter was in class two. She was unable to bear the educational expenses of her children. Besides, unhappiness was always stuck as a shadow to her family. Her husband was a farmer cultivated his own small piece of land. His earning was very poor. She and her husband were thinking about the way they could raise their income. One day they met Khan Mujibar Rahman, an organizer of Palli Pragati Project of BRDB under Terokhada Upazilla. Rashida Begum was informed by Mr. Khan that she could get loan from BRDB office with easy terms and conditions.

Duckling farm of Rashid Begum

Then she took membership of Nachunia Dakhinpara Plli Pragati Prokalpo in 2012. At the starting period, she deposited TK 500 savings and borrowed TK. 8000 as her first loan. She bought 80 ducklings with the price of Tk 5000 and fifty chickens with the price of TK. 3000. She got a profit of TK. 7000 in a year by selling ducks, hens and also their eggs. She repaid the loan of TK. 8000 by weekly installments and again borrowed a loan of TK 10,000 as 2nd loan. After repayment of the 2nd loan, she borrowed TK. 12,000 again as 3rd loan. Now her capital formed into TK. 70,000 including three terms loan of 30,000 Taka. Then she invested her capital in the poultry farm. Her husband was very successful at his grocery shop. At present Rashida begum's monthly earning is about 22,000 Taka. Her elder son got scholarship in class eight. Other children are also meritorious and studying. At present Rashida begum uses safe water and hygenic sanitary latrine. She cultivates vegetables beside her house. Now Rashida Begum is a financially solvent. She is ever grateful to BRDB for her success.

10.2 Success story of Sebok Ranjan Boll

Who doesn't know the tale "Little little drops of water make a big ocean"? How much people could realize this? But Sebok Ranjan Boll was able to realize this. He has two sons, two daughters and wife Maloti Rani in his family. Husband and wife together had built a Rickshaw garage and had taken another development initiative like fishing project in Hajibag village.

While he was in extreme poverty, One day he met Munshi Shahinuzzaman, an organizer of RPAP of BRDB. Mr Shahinuzzaman showed him the path of success and asked him to come to BRDB upazila office. Later a group of landless peoples formed "West Hajibag Landless Men's Group". He was selected manager of the group in persuasion of RPAP guideline. After two months of his entrance in the group, he got 7000/- (seven thousand) Taka as micro-credit for the first time and bought a rickshaw with this money. Then he rent this rickshaw. He collected the daily rent and repaid the installment regularly and deposited the surplus money. Thus he formed a handsome capital and purchased few rickshaws. Now he is the owner of 10 rickshaws. Whole day he kept himself engaged in his work. His wife Maloti Rani helps him in his work. Now he is solvent. He has created employment opportunities for some of the unemployed people through renting his rickshaws. In addition, he got success in fishing too. Now he acquired social status and got the path of future success. All these happened with the guidance and credit facilities of BRDB. He is grateful to BRDB because of his dramatic change of his life. So he would expect that all the poor would be able to enlighten their life with the help of BRDB.

10.3 Ayesha Begum in search of happiness

Sarmongla is an undeveloped village of Godagari upazilla under Rajshahi district. Ayesha Begum is a helpless woman of this village. Her husband is an auto Rickshaw driver. Her family members are four with one daughter, one son and her husband. They lived with hand to mouth by her husband's poor earning. Ayesha begum was worried about how she could help her husband to earn more. One day she was introduced with Mrs. Sufia Begum, manager of Sarmongla somoby somity and organizer Mrs. Nasrin Begum. She came to know that if she admitted herself into the somity, deposited share and saving regularly and became an active member of the somity, she could get credit from BRDB. According to the suggestion of the organizer, she admitted into the somity.

Ayesha Begum busy with her sewing machine

Ayesha Begum took a loan of tk. 10,000 on that year. With this money she bought a sewing machine and started tailoring work in her house. She got profit about tk. 30,000 by tailoring in that year. With this profit she repaid her installments and deposited the rest of the money. Next year she took TK 12,000 as 2nd loan to expand her tailoring activities. On that year she got profit about tk. 50,000 in this way. She took loan from women development project every year and repaid the loan in due time. Then she bought a auto rickshaw for her husband. Now her husband has earned by running his own auto than running renting one. The solvency of her family has established by their income. At present, her savings in somity is tk. 10,000. In the last year 2013-2014 she took a loan of tk. 23,000 and her monthly income is grown about TK. 10,000.

Ayesha Begum is a mother of two daughters. Her elder daughter is studying in primary school. She became aware about family planning. She built a brick built tin shed house with three rooms. She has constructed sanitary latrine and a tube well for pure drinking water. Now Ayesha Begum delivering sewing training to the village women. This helped to develop the socio-economic condition of her life. Ayesha begum became a role model for many women. In persuasion of Ayesha Begum, many women have started to change their living standard.

10.4 Success story of a struggling woman, Renia Begum

Mrs. Renia Begum is a native of village Selimabad at Shibganj upazila in Chapai Nawabganj district. She has five members family of two sons, one daughter and husband Montu Khan. Her husband was a laborer. It was impossible for her to maintain the family with the small earning of her husband who worked in a rice-mill located near her house. To help her husband financially, Renia became a member of the “Salemabad Women Co-operative Society”. After being a member of the society, she started to deposit shares and savings regularly. She got a loan of TK 9,000 in 2005 from BRDB and bought poultry and goats. With these she also started to fattening cattle. After successful repayment of the loan, she again got a loan of TK 10,000 in 2007 for the second time. In addition to poultry farming, she started to make bamboo bend tool. She tried to gain her family solvency by selling homemade tool made with bamboo, synthetic rope and different color.

Renia Begum busy with her bamboo bend tool

At last she loaned TK. 25,000 in May 2014 and built a small cottage industry. Every day she and her two laborers made 7 to 8 tools which are rated price of TK 1,100 to 1,200. Her daily earning was TK 500 to 600 excluding labor wages and other general expenses. Renia Begum has become the owner of eight decimal dwelling lands. She has two cows, five goats, seven ducks and twenty five hens. Now her family has been turned into solvency. She has sent her children to school.

At present Renia Begum is the rulling chairman of “Selimabad Women Co-operative Society”. She strongly believes that it is possible to be succeed in life with hard working, honesty and well-Planning. She expressed her gratitude to BRDB for helping her to change her family status.

10.5 Few words about Shahid Sardar's success

Sahid sardar is a poor farmer of the village of Riaz Uddin Para at Goalondo upazila under the district of Rajbari. In his six member family, there are three sons, one daughter and his wife. He had been passing his days very poorly. He was searching for a source of income. He came to know that one group had been formed in his village under Samannito Daridro Bimochon Karmosucchi (SADABIK) of BRDB. One day he met field assistant Abdul Ahad of BRDB. He had been informed about the rules and regulations of Sadabik programme. He took his membership in 2006 under Riaz uddin Para Sadabik Purus Dol. He started to deposite saving regularly. Sahid Sardar took first loan of TK. 10,000 on cattle fattening in 2007 and bought a little bull calf with the price of TK. 35,000. After the adequate fattening, he sold the cow and repaid the loan.

Sahid Sardar working in his dairy farm

Second time he took loan of Tk 12,000 and bought two little bull calf. After one year he sold the cows in a price of Tk.65,000 and he repaid the loan. At Present there are six cows in his farm and the market price of these cows is about TK 420,000. Now he has no wants and poverty. He is living happily with his family. His children go to school regularly. They use sanitary latrin. At present his own saving became Tk. 7,600. Shaid Sardar has been able to self-dependent. Now he has become a model for others cooperative members.

10.6 Rizia Begum is a Symbol of overcoming poverty

Rizia Begum, a Member of Mothurapur Mohila Bittahin Somobay Somity, is a vivid example of combating poverty through courage and integrated effort. Mothurapur is an undeveloped village in Monirampur Upazila under Jessore district. Most of the people of this village were day laborers. There were no mills and factories in this area. As a result most of the people had no employment opportunity. Financial insolvency and acute poverty are their regular companions. Moreover, the condition of the women of these families was very deplorable. When the educated and progressive women of the whole country got burst against gender discrimination and struggling for equal rights between men and women, most of the women of Mothurapur, especially the poverty-stricken women, pass their days by shedding tears silently. At that time Rizia Begum came to acquaint with Parinita Biswas, a field organizer of Rural Livelihood Project under BRDB. According to the instruction of parinita, Rizia Begum has got membership of Mothurapur Mohila Bittahin Samabala Samity. Thereforth, Rizia Begum didn't need to look back. By this time Rizia Begum got training on different issues like co-operative management, awareness development and income generating activities with the help of the UBCCA of Monirampur.

Rizia Begum working in her poultry farm

In the first phase, Rizia Begum got a loan of TK. 5000 for small trading from Monirampur UBCCA. She repaid the loan with interest through weekly installments regularly. In 20 years (from 1994 to August 2014) she took TK. 3.50 lakh as micro-credit from BRDB and repaid it in 20 times. Besides, she became successful to make her capital worth to TK. 12,000 through weekly saving.

At present, Rizia Begum is the owner of a poultry farm. There are 300 poultry at her farm and on an average she got 200 eggs daily from her farm. She earns about TK 25,000 per month from this farm. With the loan facilities of the project, Rizia Begum is now self-dependent by taking part in different income generating activities. Now she has numbers of cows and goats and her houses are surrounded by different sorts of productive fruit trees. She has prepared her own employment. Moreover, she has got training on health and nutrition from the project. She has set up sanitary latrine in her houses. Finally she has made a great victory over the tremendous fear of want and poverty. "Courage, cordiality and integrated effort" can change any one's fate and here Rizia Begum is an amative model to follow.

10.7 Self confident woman Laxmi Rani Tongchangga

Small house, small hope is one woman's life expectation. Chikka Karbari Para is a village under Rajbila union of Bandarban Sadar upzilla in the hill tract district Bandarban. Laxmi Rani Tangchangga lives in this village with her husband puttichan Tangchangga and two daughters with extreme wants and poverty. One day she met Domaching, a field organizer of BRDB, while she was going to a group for realizing monthly installment. Domaching asked her to come to upzilla office. Accordingly, the following day Laxmi Rani met Domaching in the Upzila office and was admitted into Chikka Karbari Para Mohila Somobay Somitee.

Laxmi Rani Tangchangga weaving loom in her sheds

Maintaining all the system and depositing the required share and saving, Laxmi Rani got 5000 (Five Thousand) Taka for the first time as a micro-credit from BRDB. Laxmi Rani had learned loom weaving from her mother in her childhood. After getting the loan, she purchased cotton, paints and other necessary materials and started making cloths and bedcovers.

She had sold the product in the market in every Sunday and Wednesday. Likewise she reimbursed the loan in due time and received 10,000/- (Ten thousand) Taka as 2nd loan. She took 5 times loan upto June 2014 from BRDB office. Her current saving deposit is 16,340 Tk. and Share deposit is 2570 Tk. Laxmi Rani acquired financial solvency through weaving waist loom. Now she dreams to reshape her family. Her children were admitted into school. She had built a tin-shed building, Sanitary Latrine and Tube well for pure drinking water. She had employed 5 unemployed women to assist her loom weaving. They were paid 200/- (two hundred) Taka as daily wages. As a result five families were financially become solvent too. At present Laxmi Rani is an owner of a mini loom industry. Laxmi Rani has demonstrated that one could change her life if she had a strong willingness and commitment to rebuild her status. Laxmi Rani Tangchangga is a model of success.

11. A Summary of “Revolving (Agriculture) Credit Program” of BRDB

The role of small farmers in the agriculture development as well as national development is very important. Bangladesh Rural Development Board (BRDB) had formed Farmers' Cooperative Society with small farmers in the villages since the decade of 70's. Upazila Central Cooperative Society (UCCA) has been formed with the membership of Farmers' Cooperative Societies in the Upazila level. As a result a forum has been created for the development activities of small and marginal farmers. BRDB has been contributing a great role in achieving self reliance of food by disbursing microcredit, providing high yield varieties of seed and balanced fertilizer, incorporating irrigation activities, disseminating modern knowledge and skill of cultivation to the cooperative farmers of villages through these UCCAs.

Scheduled Banks and development partners had been the main provider of credit to BRDB. Specially agriculture credit disbursement activities financed by Sonali Bank for the village farmers through UCCAs has been started since 1973-74 which is under operation till now. In this case BRDB has the function of guarantor. But over the years for many reasons the bank loan has been reduced to a great extent. There was prevailing precarious condition among Cooperative farmers over getting reallocation of credit because exemption of agriculture credit upto tk. 5000 in 1991 was not applicable for the cooperative farmers. In that time cooperative farmers were deprived of the exemption facility despite they got credit below tk. 5000/- because that credit was actually drawn by the UCCAs in favour of cooperative societies or it's members and the credit amount drawn by the UCCA was above tk. 5000/-. That's why farmers were becoming vulnerable and the UCCAs, organization of farmers, were seriously suffered financially. In this respect as an implementation part of PRSP the government allocated 320.50 crore for disbursing in the rural areas in "Revolving rural development loan fund" sector since 2003-04. Among 320.50 crore credit fund 131.25 crore taka was allocated for "Revolving (Agriculture) Credit Program" to disburse credit among cooperative farmers through UCCAs. As a result the dependency on banks for loan has been reduced a lot. On the other hand, the security of loan fund, transparency, accountability and credit flow have been guaranteed. In addition the interest rate has also been reduced as there is no intermediary bank.

Beneficiaries of Revolving (Agriculture) Credit Program :

- Affiliated member of Farmers' Cooperative Society/Pre Farmers' Cooperative Society having maximum 2.5 acres of land or share croppers can be beneficiaries of this credit.
- Concerned society should be under observation for 2 (two) months before getting first loan. During this period regular participation in weekly meeting, savings accumulation, participation in the training and other rules and discipline of a member should be evaluated;

Qualifications of Primary Societies to get Revolving (Agri) Credit:

- Society must be registered;
- Prior outstanding loan which is due for realization must be paid 100%;
- Savings collection and weekly meeting should be held regularly;
- Audit, AGM (Annual General Meeting) and legal committee should be up-to-date;
- Members' register signed by all members should be up-to-date and
- Priority list should be preserved In the case of getting loan.

Activities and loan ceiling of Revolving (Agri) Credit Program:

Activities of agriculture credit are expanded in Revolving (Agri) Credit Program. Beside seasonal crop loan other 20 activities including agriculture based activities are added in this program. Agriculture based small enterprise is also covered in this credit. In addition concerned social legal activities could be set by Deputy Director of the concerned district. In the beginning loan ceiling of this program was maximum tk. 7,000/- for the first time and step by step maximum tk. 20,000/-. At present it is minimum tk. 12,000/- to maximum tk. 35,000/-.

Revolving (Agri) Credit Fund:

Since 2003-04 fiscal year tk. 131.25 crore has been allocated by the government for Revolving (Agri) Credit fund in the area of microcredit activities. A part of service charge (11%) is added to credit fund as a growth mandatorily. Now Revolving credit fund including growth increases to tk. Till now 163.28 crore. 3,77,404 members of 19,472 cooperative societies are given credit in this program. Tk. 983.79 crore is realized, realization rate is 97%. Communication with concerned ministry is running for getting more loan fund allocation to meet additional loan demand of the field level as a part of post cyclone, cidre and isla agriculture rehabilitation since 2009-10 fy. At this stage, corresponding with the concerned ministry is made to allocate tk. 300.00 crore under revenue budget of 2015-16 fy in "Revolving Rural Development Loan Fund" sector for BRDB-which is now under active consideration of the Ministry of Finance. In addition 2.70 crore revolving credit fund is allocated to 26 newly formed UCCAs from BRDB's own management with the kind approval and patronization of Director General of BRDB to run the credit program temporarily-which now running successfully.

Problems of Revolving (Agri) Credit Program :

- The salary and bonus of UCCA employees involved in disbursement and realization of credit of Revolving (Agri) Credit Program is arranged from service charge of credit. Salary and bonus can't be provided from service charge of credit due to insufficient loan fund. As a result the employees are losing their enthusiasm for not getting salary regularly. In consequence credit activities has been hindered.
- No project/program for extension activities has been rendered to revive the Farmers' Cooperative Societies for a long time. As a result the management and base of the societies can't be strengthened in desired level and consequently the credit activities are being hampered in many cases.
- According to Cooperative Acts and Rules Cooperative Societies under the supervision of BRDB are controlled by the Department of Cooperative. As BRDB authority has no direct control to the cooperative societies supervised by BRDB dual administration is created in the field level cooperative societies which are patronized by BRDB. Consequently operation of the program is being suffered.

Recommendations:

- Salary and bonus of UCCA employees should be provided from the salary support fund of revenue budget permanently. As a result service charge of credit of the program will be reduced.
- BRDB should take project/programs for extension and development activities to revive the Farmers' Cooperative Societies under UCCAs and to make the management of the societies strong and strong.
- An initiative should be taken to reform the Cooperative Acts and Rules or to delegate the power of Registrar upon societies (in the case of administration) to DG, BRDB for establishing the control and authority upon the cooperative societies patronized by BRDB.

As a whole if sufficient credit fund is given in Revolving (Agri) Credit program the Farmers' Cooperative organizations can be strengthened through reviving the Farmers' Cooperative Societies by meeting the loan demand of marginal farmers and fair price of the commodities produced by the farmers can be ensured and the way of eradicating deprivation and discrimination of farmers will be expedited.
